

Is **Air Quality** at your
workplace safe?

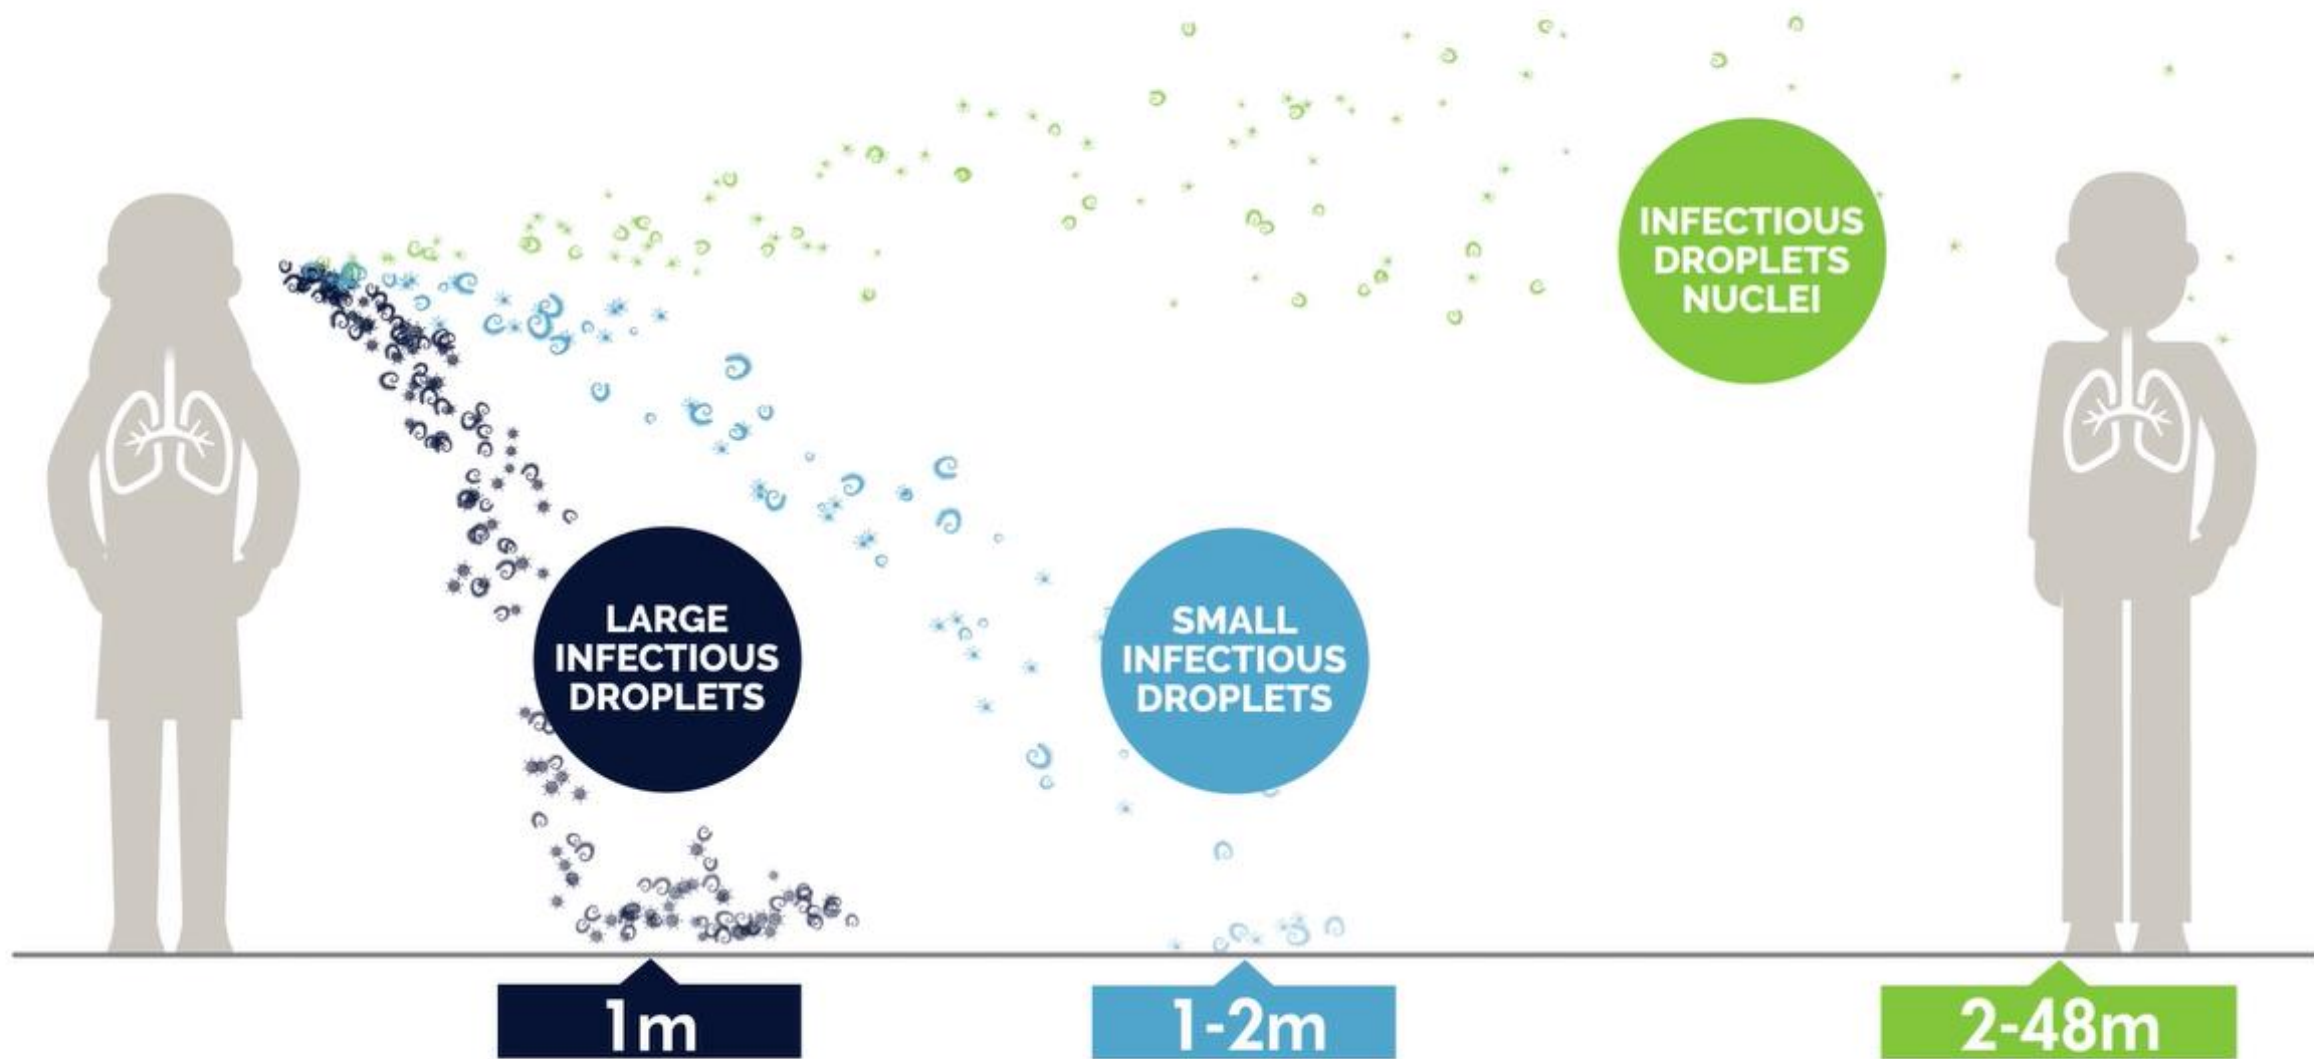

The Most Prepared Workplaces have Fellowes

Indoor Air Quality has never been more important. Ensure your employees and visitors are safe by adding Air Purifiers throughout your shared spaces.

Only Fellowes AeraMax Pro air purifiers sense and react to occupancy and air quality changes, capture 99.99% of airborne coronavirus, and show that the air is clean

* "How Flu Spreads", Centers for Disease Control and Prevention

99.97%

DOES YOUR PROTECTION PLAN INCLUDE **AIR QUALITY?**

Washing
Hands

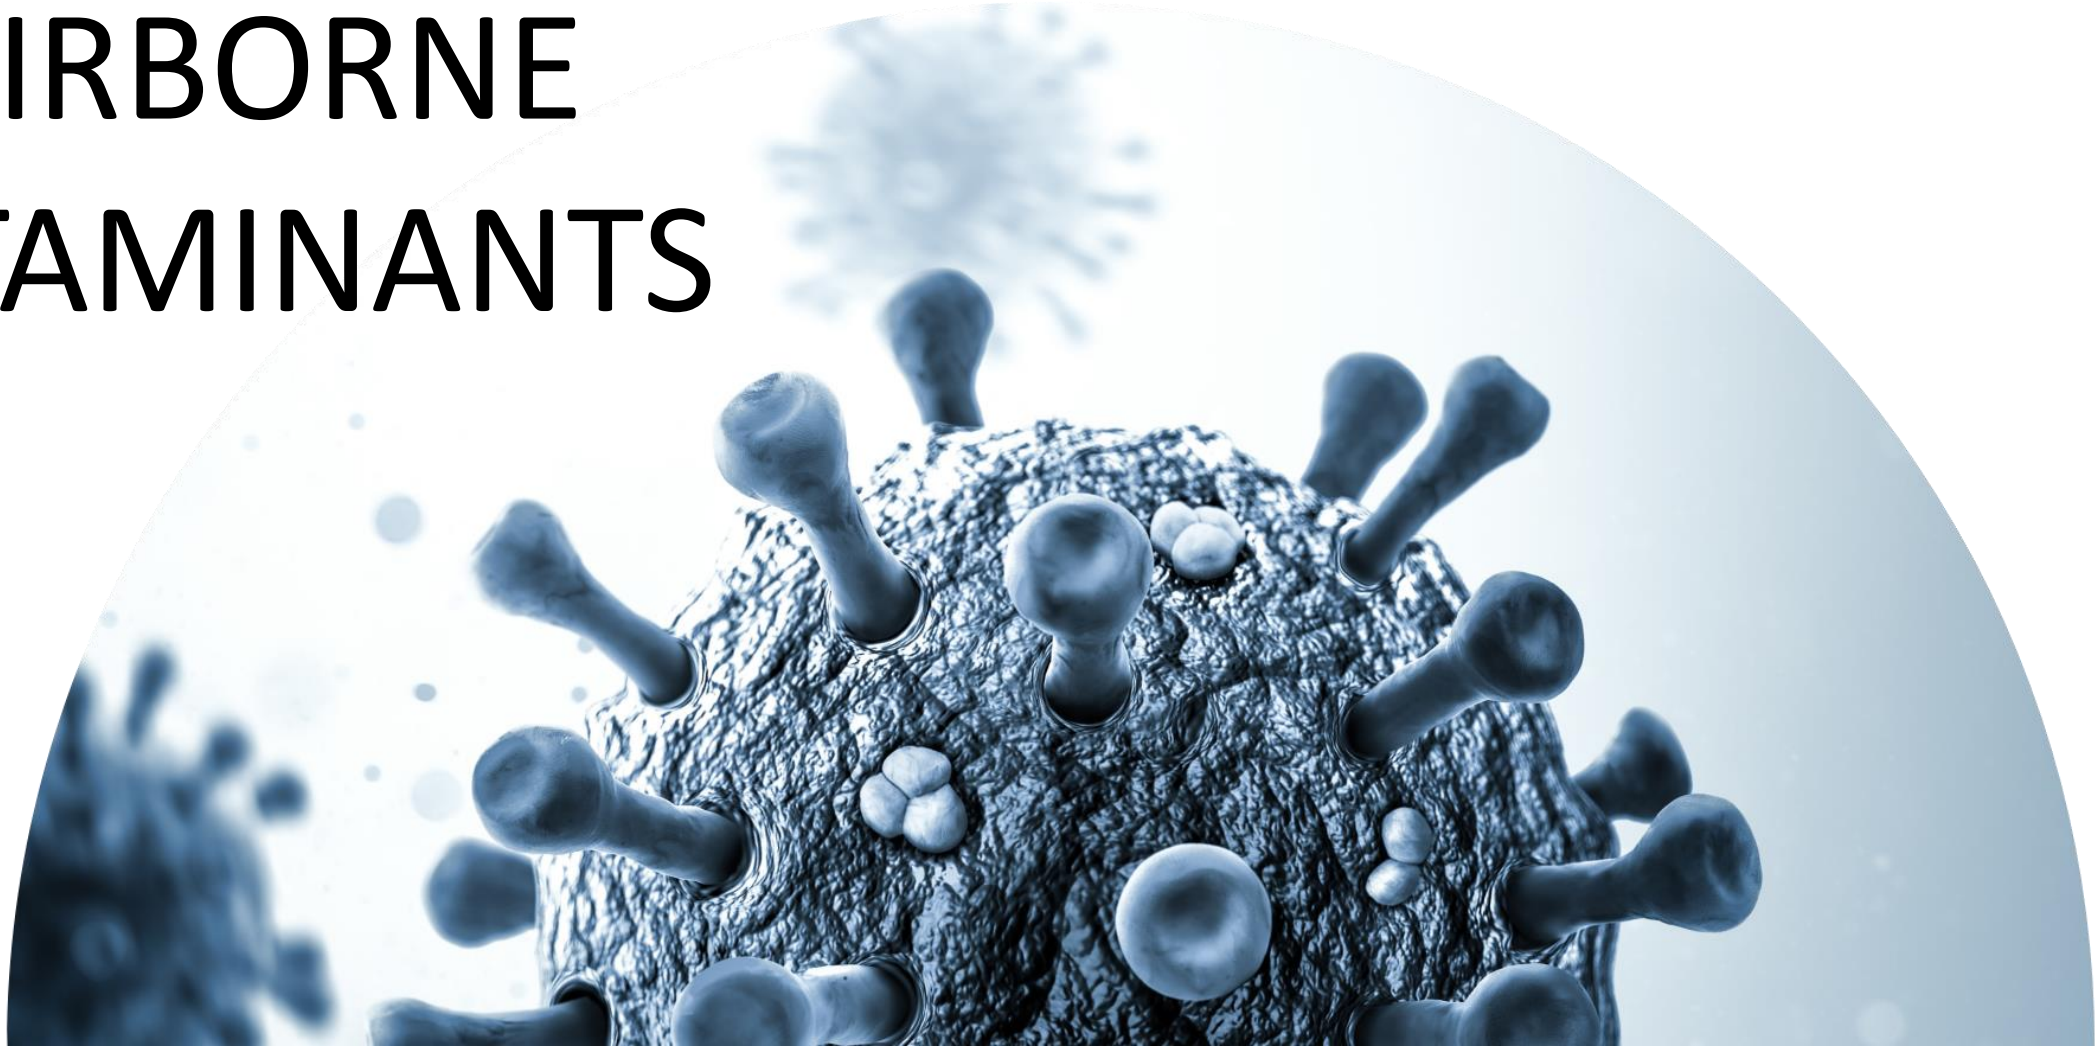

Sanitizing
Surfaces

Cleaning
the Air

REMOVES UP TO 99.97% OF
ALL AIRBORNE
CONTAMINANTS

PROACTIVELY WORKS HARDER WHEN YOU NEED IT

Environment Technology continuously monitors room conditions and automatically adjusts to purify the air when it's needed most

Thank You
