

AV Modules

Prices effective from May 2010

FOCUS *sb*
ELECTRICAL ACCESSORIES

New AV Modules and Plates

You no longer have to install audio visual switches and sockets that are built into a standard inflexible plate.

With new AV Modules from Focus SB you can now interchange your inserts within a quality Focus SB Euro Plate. The modules simply click into place in any order you choose to suit your needs.

From Satellite and TV outlets to phone and speaker sockets, AV Modules are the flexible answer to audio visual electrical accessories. All modules are made to the standard Euro grid configuration based on one aperture modules of 25mm x 50mm.

Euro plates are available in the Ambassador and Newbury ranges and in a variety of finishes - please see overleaf for further details.

Newbury Euro Plate with AVR032 and AVR015
