

**“With its select and experienced workforce, supported by a widely experienced, Management Team, we at Adept GRP Ltd are confident that our experience and flexibility will fulfill your exact requirements.”**

### GRP and Steel Cabinets

Designed and manufactured with low maintenance, flexibility and durability in mind, our Standard Roadside Range offers an ideal solution to many housing needs.

Normally available from Stock, our Cabinets have become firm favourites with Industries such as Communication, Construction, Petro Chemical as well as Water and Electrical Services. The versatility achieved through design allows for an array of optional extras such as Load or Non Load Bearing Floors, Forced or Natural Ventilation, Cable entry points, Viewing Windows, Enhanced Locking Mechanisms to name a few.

Adept GRP is dedicated to providing a Quality product at a cost effective price in order for its Customers to continue with their success. Our customer database includes the Construction Industry, Control Panel Manufacturers, Pump Manufacturers, Petro-Chemical Companies in addition to the Water Utility and Electrical Industry.
