# EasyDoc®

TIME SAVING - EASY

## Our EasyDoc® combines three possibilities in one:

- Address label
- Packing list
- Self-adhesive envelope

Due to this EasyDoc® has some interesting advantages compared to the usual method of using a separate packing list, an address label and a transparent self-adhesive envelope.

## The advantages of EasyDoc® :

- EasyDoc® can be printed on a standard laser printer. This makes an additional label printer unnecessary.
- There will be fewer mistakes because the address label and the packing list will be printed on the same document.
- You will double the available space of the packing list, because both sides of the EasyDoc® can be imprinted.
- Save time due to the simple and very fast application of the EasyDoc®.
- EasyDoc® is environmentally friendly because there is very little wasted paper in this product.
