

Steel Economy Access Panels, Picture Frame - EPFS

Product Information

Economy steel access panel with a flush slimline 25mm one piece picture frame. No welding, just simple clean lines - genius!

The access door is fitted with a slotted chrome quarter turn lock.

The access door and frame are polyester powder coated in white RAL 9010 with 20% gloss for a silk rather than a highly polished gloss finish.

A simple, neat, economical access panel to services.
