

# RAM® Gemini 17 PT

Aerial Work Platform

PROOF

- **Very Compact ideal for city use** - total length 6.6m and only 2.28m high
- **Aluminium tough cage with flush-mount base** - for easy entry and better for roof work
- **Quick-release basket** - for ease of transport and maintenance
- **Unrestricted working area** - the max outreach with a payload of 200kg is 9m without rotating the basket
- **180° Basket rotation**
- **Super low centre of gravity** - important for stable driving and extra clearance

**HLS**   
HEIGHT, LIFT & SHIFT  
Safe & productive workplace solutions

- **Sales (New and Used)**
- **Contract Leasing**
- **Training**
- **Service and Parts**

# Gemini 17 PT

Aerial Work Platform
