

Xtreme™ Rare Earth Grate Magnets

Easy to Clean Grate in housing

PROGRADE

Standard Features

- Two rows of staggered magnets
- 25mm dia magnet tubes on 50mm centres
- Stainless steel tube scrapers
- Metal contaminant discharge chute
- All stainless steel construction
- Glass bead surface finish

These easy to clean rare earth grates in housing provide for the quick removal of accumulated fine iron contamination. Simply slide the individual door fronts from the housing and the accumulated metal contamination is scraped from the tube and discharges out the front of the housing. The cleaning cycle is reduced to only a few seconds with this push-pull operation.
