from PHS Washrooms

# The PHS Aircare Range

To help keep your washrooms fresh and free from unpleasant smells.

PHS Washrooms' Aircare Range offers solutions that both fragrance the air and neutralise malodours, creating a fresh and more pleasant environment for staff, visitors and customers.

## Airscent Burst

Battery operated aerosol unit, dispenses a fresh and pleasant fragrance

## Airscent Breeze

Non-aerosol, battery operated, air fragrancing and odour neutralising unit

## Air-o-matic

Mains operated air fragrancing and odour neutralising unit for larger areas

## Ultrazone

Odour neutralising unit that uses ozone to destroy malodours

## Biozone

Odour neutralising using five different sterilising techniques for problem odours

Trust PHS Washrooms' Aircare Range to create a fresh atmosphere and help combat stale and unpleasant odours, leaving your site smelling fresh and clean.
