CASE STUDY FOR POLYMERIC MUGA AT GLADSTONE PRIMARY SCHOOL

CASE STUDY FOR GLADSTONE PRIMARY SCHOOL

Project Name: Gladstone Primary School

Project Address: Gladstone Primary School, Tideswell Road, Longton, Stoke on Trent, ST3 5EW

Size of Project: 988m²

Works Carried Out: Installation of a Type 4 Polymeric Multi Use Games Area 38m X 26m. Installation of 3m High Rebound Ball Court Fence which has one single gate, one double gate and two recessed goal end units that incorporates Football goals & Basketball hoops. The polymeric surface is coated with an anti slip resistant coating & lines installed for Basketball, Hockey & Football.

"Soft Surfaces completed the polymeric surface to a high standard and carried out all the works within schedule. We found the company to be professional in all areas of work and would definitely use on future projects.

David Stockley @ Mansell Construction

BEFORE

The polymeric all weather sports pitch was a cut and fill project as it was situated on a sloped embankment. A full drainage system was installed under the engineered macadam sub base.

DURING

The polymeric pitch has a full 3m high sports rebound fence, drainage works, macadam sub base and a polymeric surface ideal for multi use game.

AFTER

The school now uses this sport pitch for multi use purpose primarily for Basketball, Hockey and Football. The MUGA is a finished polymeric EPDM rubber all weather pitch.
