

FREESTANDING PLAY TUNNELS

Freestanding Play Tunnels

Freestanding tunnels are constructed using thermo-formed half round panels, joined together with purpose made anodized aluminium tunnel joiners. This all makes for a very durable and safe tunnel that can be specified with two different coloured tunnel halves and the option of engraving on the inside or outside of the tunnel panels.

Freestanding [Play Area](#) Tunnels available;

- Secret Woods (as shown)
- Zebra (as shown)
- Lion (as shown)
- Tiger (as shown)
- Dinosaur

These are just a few that are available, please contact our sales office for more information.

We offer a wide range of [play equipment](#) and all types of safety surfaces to suit.
