

Nursery Play Unit

We are able to offer a range of [play equipment](#) to compliment any project from bespoke units to installation of mainstream manufacturers.

Example of Nursery Friendly Play Unit

- Deck Height 600mm
- GRP slide
- 80% Recycled laminated plastic
- Clatter Bridge
- Ramp Access
- Roof, infill panels, fence pales, are constructed from 80% recycled laminated plastic. (Available in a timber finish option)
- No steps
- All timber is Quarter sawn from mixed FSC sources which is then preserved using Osmose Naturewood
- Unit Footprint 4.2m x 2.8m approx
- Minimum Free space requirement 6.7m x 4.8m which we would advise requires a [wet-pour safety surface](#)
