

Soft Surfaces

SPORTS AND SAFETY SURFACES

KEY FEATURES

We can offer any items required in your playground project from [play equipment](#) to safety surfaces.

- This Playground Storage Unit offers a ventilation system around the unit minimizes the build up of condensation inside the unit, keeping your equipment dry and safe all year round.
- Fitted with a unique shrouded lock system - To help prevent forced entry.
- The unit is ready to use straight away.
- Large reinforced double door access and a reinforced easy lift (gas lift) lid.
- Integral metal base included complete with free fixings for securing to your concrete base on the [play area](#).
- Self assembly using the easy to follow illustrated instructions.
- A choice of colours available to suit any environment.
- Maintenance free - no repainting or rotting (unlike wooden sheds)
- Designed and manufactured in the UK by an established manufacturer with over 30 years of industry experience.
