SPORTS AND SAFETY SURFACES

PLAYGROUNDS & WET-POUR SAFETY SURFACING

Playgrounds & Wet-Pour Safety Surfacing

We can assist with all aspects of playground construction.

Below are some of the services we can offer :-

- ❖ Thermoplastic Playground Markings
- ❖ [Play Equipment](#) including installation
- ❖ Soft Surface Spheres
- ❖ Timber Trim Trails (or fitness trails)
- ❖ Groundworks & Landscaping
- ❖ Fencing for Playgrounds
- ❖ Wet-pour impact absorbing surfaces

Wet-pour Impact absorbing safety surfacing can be installed onto various sub bases, compacted MOT type 1 stone being the most common. Existing hard surfaces, such as macadam, open textured macadam and concrete/no fines concrete, can be easily be utilised and are our preferred sub base.

- ❖ Safety: Tested to BS EN 1177
- ❖ Low Maintenance
- ❖ Durable: Tested to BS 7188 for

Water House, 35 Water Lane, Wilmslow, Cheshire, SK9 5AR
