---

This equipment is designed to allow children of all ages to have access to a suitable 'activity' and 'play' area in order to achieve the following objectives:

- The Playground is accessibly designed and based on inclusive practise.
- Children are free to choose how they spend their time there.
- Children are offered challenging opportunities when they play.
- The playground has a rich play environment.
- The playground is designed and constructed with children's active participation.
- The playground is at the very heart of the community.

To assist you in creating your play scheme, we are pleased to offer you;

- An assurance that all our designs are assessed to the most up to date safety standards.
- Further assurance, because we are members of the API (Association of Play Industries) and the RoSPA (Royal Society for the Prevention of Accidents) to continually reaffirm the 'risk' status of the equipment.
- Efficient, safe, fully trained installation teams.
- Complete after sales support.
- Safety certificates and operators inspection instructions.
- Complete annual maintenance service. Including parts, risk assessments and operators inspection form.
