

WET-POUR GRAPHICS

Wet-Pour Graphics

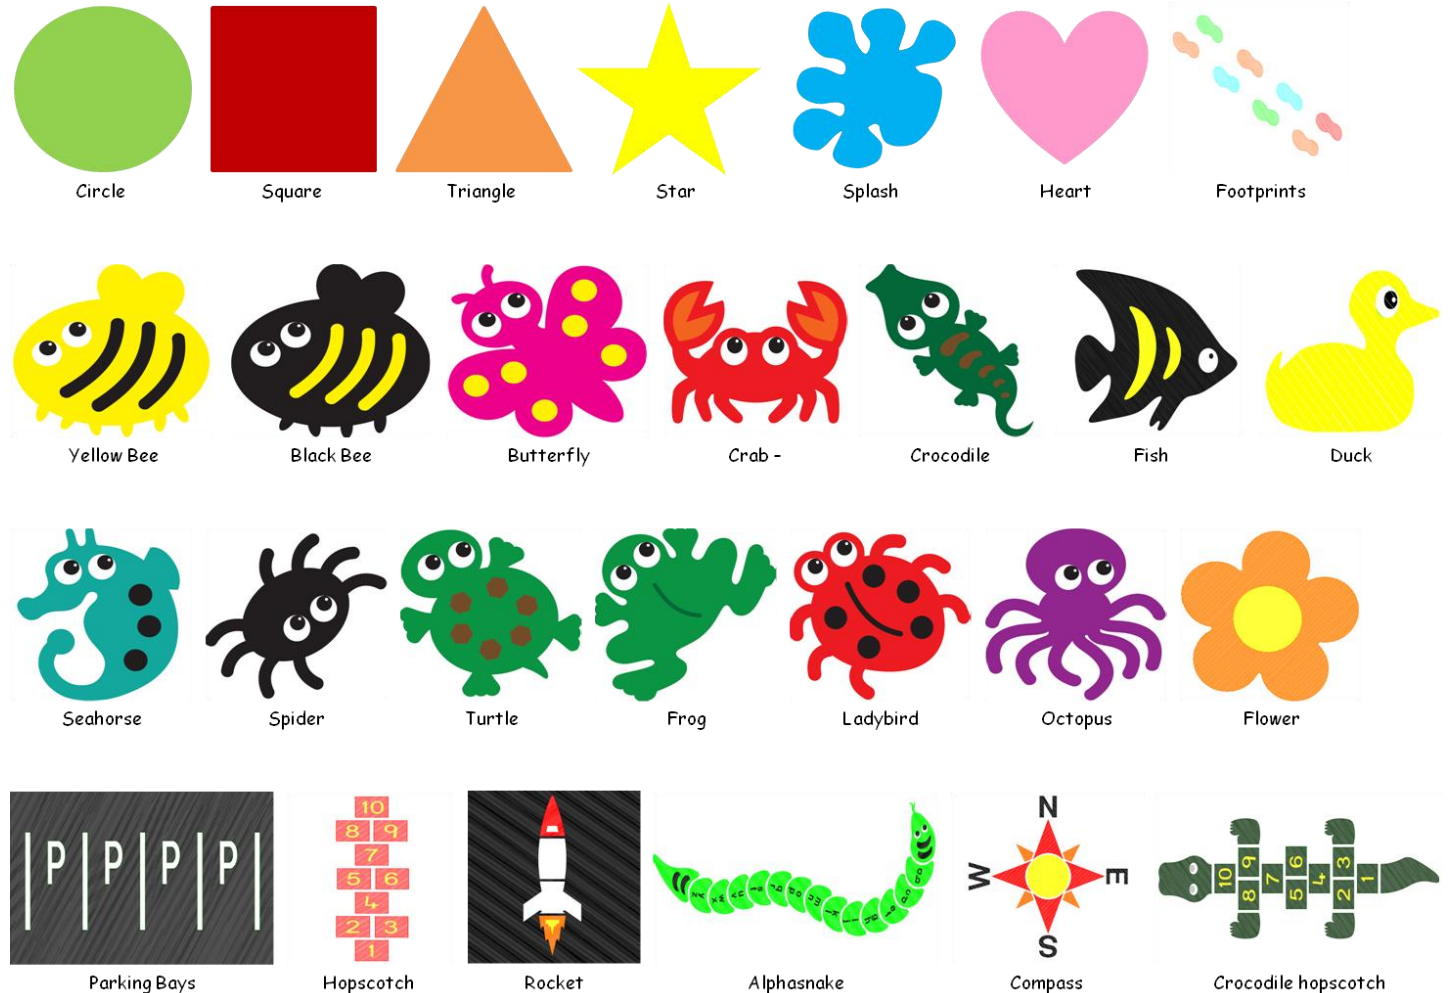

We can incorporate contrasting colour EPDM designs and shapes within the surface finish.

Here are some examples of shapes and [Wet pour](#) graphics that can be installed in the surface either as a feature or to complete a wet-pour design, although designs are only limited by your imagination.

Our Advice is free and we will be only too happy to talk you through the various options and considerations for your wetpour installation and inclusion of coloured [wetpour graphics](#).

We can also produce a design for your surface should you so wish.

Standard shape sizes are approximately 500mm in diameter.

Water House, 35 Water Lane, Wilmslow, Cheshire, SK9 5AR
