

SOFT SURFACE SPHERE'S

Soft Surface Sphere's

Rubber covered spheres can be used in urban areas, parks and gardens and even city streets, as a piece of play equipment, as seating or just a decorative touch to enhance any [wetpour](#) surfaced area.

For architects and designers who want to add shape and a different dimension to any playground, the rubber spheres are endless.

The [play area surface](#) EPDM rubber spheres are available in either full or half sphere's, in the following sizes:

- ❖ 300mm in diameter
- ❖ 400mm in diameter
- ❖ 600mm in diameter

And the following colours:

- ❖ Green
- ❖ Blue
- ❖ Yellow
- ❖ Beige
- ❖ Brown
- ❖ Orange

Water House, 35 Water Lane, Wilmslow, Cheshire, SK9 5AR
