SPORTS AND SAFETY SURFACES

Wet-Pour Safety Surfacing - Designs

We can incorporate contrasting colour designs and shapes ([wetpour graphics](#)) within the [wet pour](#) surface finish.

Opposite are some designs that have been installed previously, although designs are only limited by your imagination.

Our advice is free and we will be only too happy to talk you through the various options and considerations for your scheme.

We can also produce you a design for your surface should you so wish.

- ❖ Safety: Tested to BS EN 1177:1998
- ❖ Low Maintenance
- ❖ Durable: Tested to BS 7188 for Abrasive Wear (Unaged)
- ❖ All Weather
- ❖ Porous
- ❖ Options for many different colour with unlimited design possibilities
