The future of hair removal is here!

hair no more is the answer!
Superfast and Pain Free!

How does **hair no more** work?

Utilising the latest evolution in Laser & IPL technologies, SHR is the latest method for the removal of unwanted hair, superfast, safe and pain free!

A **hair no more** treatment uses selected wavelengths of low energy light rapidly pulsed onto the skin (180 times a minute) to gently heat the target hair follicles to cause terminal damage directly to the hair's chromophores and prevent hair regrowth. Endorsed by leading medical experts the SHR technology is safe and highly effective in the treatment of permanent hair reduction.

"I couldn't believe my hair no more treatment, it was so easy, comfortable, completely pain free and really fast, taking less than 10 minutes"

*(one off set up fee of £2500+vat no equipment purchase/ lease payments)

Affordable · Superfast Pain Free Hair Removal

Unwanted Hair **Gone**
with the latest leading SHR technology

from only **£19**
a session!

How many treatments will I need?

Each **hair no more** treatment effects approximately 30% of the hair within the target area. We recommend a minimum of 6 treatments, with some hair types requiring more. The average for a successful program is 8 treatments.

Does it hurt?

Unlike traditional laser or IPL, using high energy levels that may cause discomfort & pain, a **hair no more** treatment is gentle & comfortable, resulting in a pleasant warming of the skin. Active skin cooling through the applicator capable of -4°C ensures complete comfort even in the most sensitive areas.

The Details - FAQ's

Where will a hair no more partnership work best?

Ideally with established operators*, with high footfall, easy accessibility, urban location, servicing mainstream consumer needs.

What is the exclusive territory?

We want “us” to be successful! So have calculated that a surrounding local population of above 20,000 is required for best results. In larger conurbations, multiple partners may operate, thus strengthening the **hair no more** brand in consumer perception.

Can I add to my partnership?

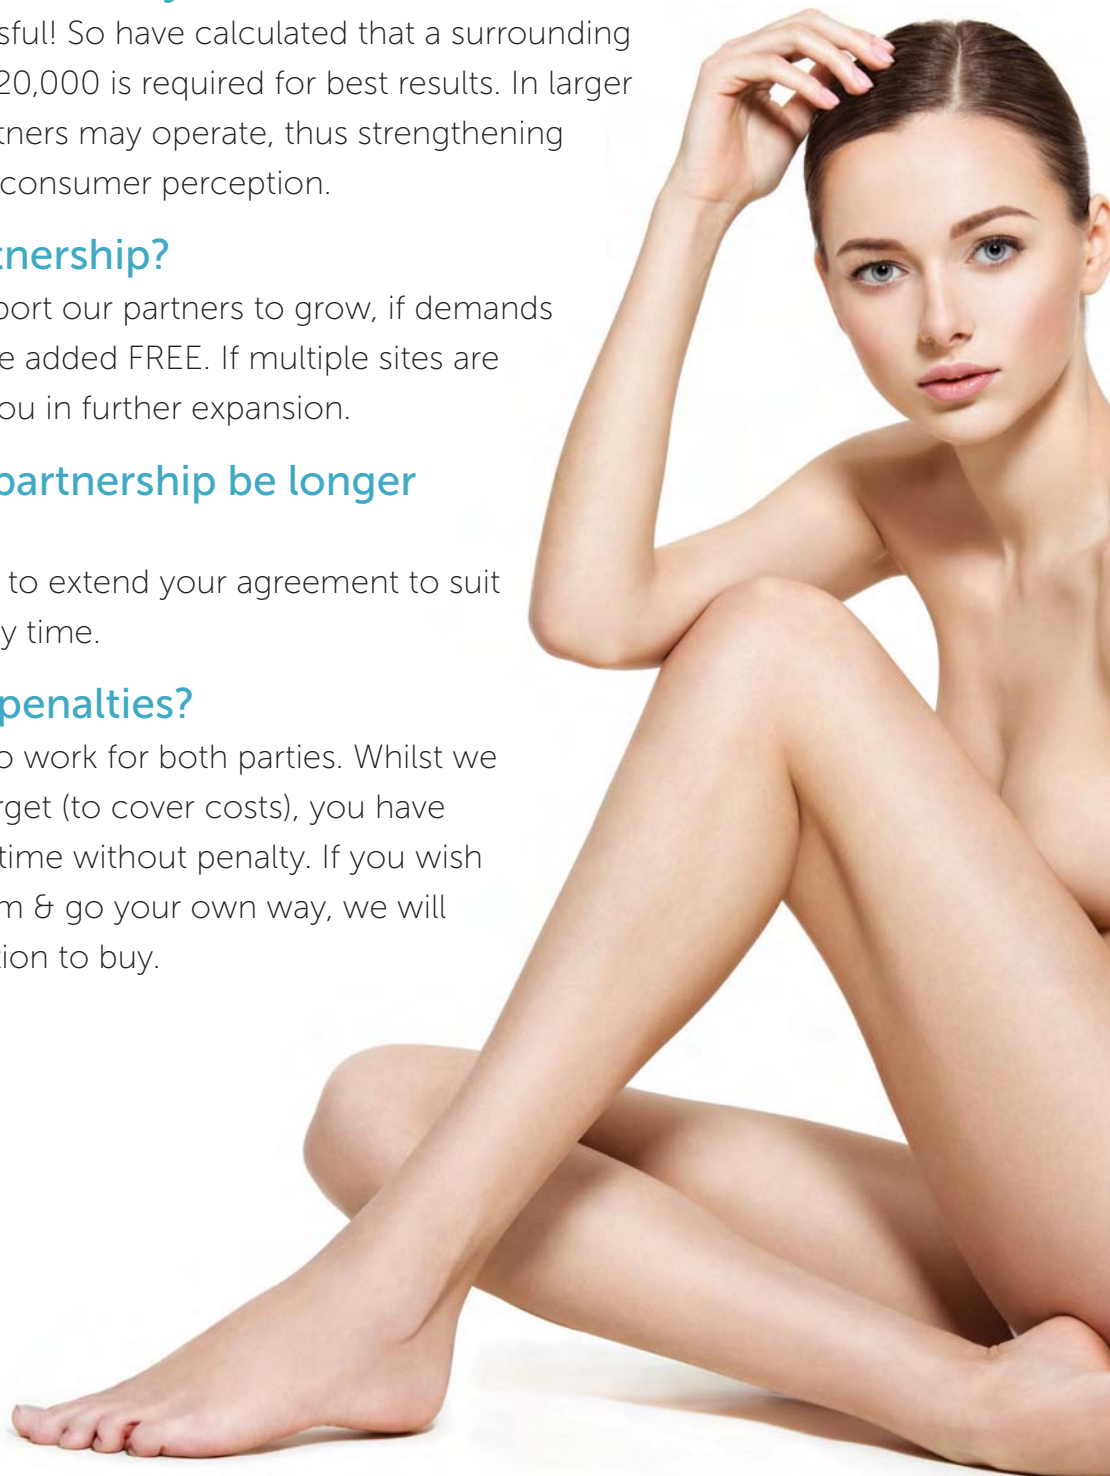

Yes, we would love to support our partners to grow, if demands dictate, second systems are added FREE. If multiple sites are required, we will support you in further expansion.

Can a hair no more partnership be longer than three years?

Absolutely! We would love to extend your agreement to suit our shared ambitions at any time.

Are there any break penalties?

NO - our partnership has to work for both parties. Whilst we set a minimum revenue target (to cover costs), you have the option to break at any time without penalty. If you wish to purchase the SHR system & go your own way, we will offer you a preferential option to buy.

Partner - definition

noun

"a person who takes part in an undertaking with another or others, especially in a business or firm with shared risks and profits."

Passion

We are passionate about delivering excellence to today's customer.

We are looking for forward - thinking, like minded professional operators, with the same passion to succeed, who want to add to their treatment portfolio & understand that together, our success can be limitless.

If you feel a **hair no more** partnership will be a successful addition to your business & would like to further your interest. Please complete our application form to see if we are compatible. Upon successful application, we will arrange a site visit, commercial presentation & a demonstration of the **hair no more** treatment.
