OVER 25 YEARS OF MANUFACTURING RELIABLE LUBRICATION PRODUCTS FOR AN INDUSTRIAL WORLD

It's easy to order the Titan Oiler that you require. Simply follow these four steps

step 1

The Titan Oiler is supplied fully assembled and complete with adaptors for 6mm OD tube.

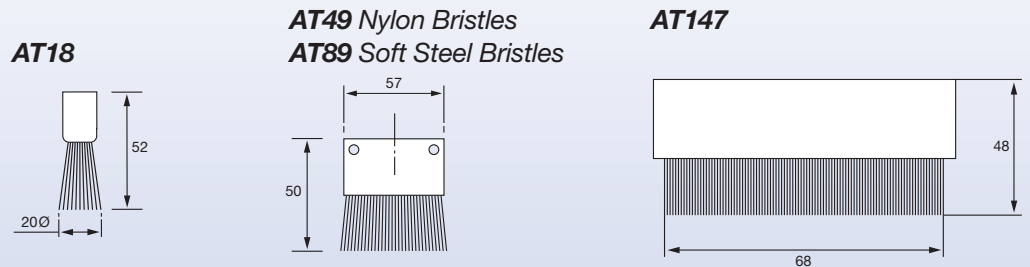

FIRSTLY:

- Consider how many outlets are required
- Calculate approximate feed lengths from the **The Titan Oiler** to the applicator brushes (can be up to 10 metres per line)
- Decide whether a battery powered or remote powered version is required

step 2

NEXT:

Select the type of applicator brushes required (see examples below).

All applicator brushes are supplied with inlet adaptors for 6mm OD tube. Other brushes are available on request

step 3

THEN:

Choose the type of tubing required and quantity (in metres).

We supply:

- AT201 6mm OD Clear Nylon Tube
- AT202 6mm OD Black Nylon Tube
- AT203 6mm OD Steel, Bundy Tube

Also available are a range of pipe clips and inserts

step 4

FINALLY:
