RENZ RING WIRE® WIRE COMB BINDING

RENZ wire comb binding elements are available in 9 different standard colours and 5 metallic colours. Premium quality.

Standard colours: white, black, red, blue, green, grey, bronze, silver transparent, silver blank.
Metallic colours: blue, red, green, gold, yellow fluorescent
PACKED ON WIRE PACK® OR PLASTIC TRAYS

* 70/80 gr./m² paper

** The modular construction of the new SRW 360/eco S 360 can be upgraded to make an electric punch and manual closing machine (=SRW 360 comfort/eco 360 comfort), simply by attaching an electric punching module.

Please refer to the individual leaflets for further technical data and details.

PLASTIC BINDING

FLEXIBLE AND VERSATILE

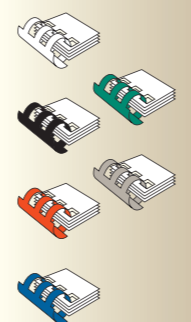

Up to 50 mm (2") binding thickness. Flexible and versatile. Opens flat and stays flat. Pages can be changed later. Plastic combs are available in six colours and can be printed.

PLASTIC BINDING COMBS

Renz plastic binding combs are available in 6 different colours:

white, black, red, blue, green, transparent

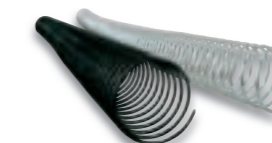

* 70/80 gr./m² paper

Please refer to the individual leaflets for further technical data and details.

SPIRAL BINDING

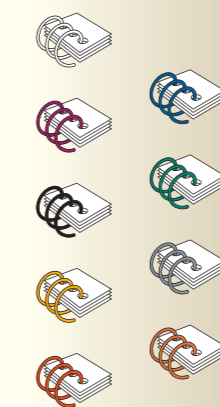

THE TRADITIONAL LOOSE LEAF BINDING

Up to 17 mm (5/8") binding thickness. Opens flat and stays flat. 360° rotation.

SPIRALS

Metal and plastic spirals from Renz are available in many colours.

SC-pliers

to cut and simultaneously bend the spiral ends

manually operated punch with electrical spiral inserting unit, integrated spiral cutting and crimping unit

compact construction with high stability

the modular construction of the SPB 360 allows it to be upgraded to a SPB 360 comfort, electric punch with electrical spiral inserting unit by the simple addition of an electric punching module

electric punch with electric spiral inserting unit, integrated spiral cutting and crimping unit

compact construction with high stability

the punching cycle is activated by pressing a foot pedal

LAMINATING SYSTEMS

POUCH LAMINATING SYSTEMS – TO PROTECT YOUR DOCUMENTS.

For producing ID-cards, business cards, menus, manuals, photos etc., for anything which has to be protected for a lifetime. Laminating provides crystal clear and brilliant protection that is attractive, dirt repellent, waterproof and extremely durable.

FILM POUCHES

In 4-colour-packing, only A-quality

Renz pouch laminators work with pre-fabricated film-pouches. The operation is very easy: Slide the document into the pouch and seal it with the HT-machine.

Renz „Premium quality“ film-pouches are available in many different formats and thicknesses.
