

USB Flash Drives

We offer a huge choice of USB Flash Drives which are made using Grade A Memory Chips.

USB Flash drives are becoming an increasingly popular promotional gift together with the most common method of transporting data.

- Bespoke shapes, sizes and pantone matched.
- Memory Sizes from 128mb to 32gb on various models
- Pre Loaded data is available on all flash drives (free upto 500mb)
- Lead Time within 2-3 weeks

Due to the nature of the electronic chip market, we can't publish prices as the cost of the chips changes on a weekly basis. Please contact us for an individual quote.
