

No Space. No Money

Balance space and budget with the Link Lockers Finance Package

With ever-tightening budgets, it's increasingly hard to plan for the vital equipment your school needs.

Balancing the books, whilst making sure you provide the expected levels of service is hard enough. But you're also dealing with added pressure from the PTA and governors to install lockers and other equipment. It's time to think smarter.

Turning cost into profit

Imagine if you could obtain the vital equipment you need, spread the cost over a number of years and generate revenue from the asset.

Thanks to Link Lockers, you can

Our leasing finance package, created in partnership with public sector leasing specialists Investec Education, lets you finance Link Lockers products quickly and easily. The package has been specially designed to help you buy products and services within public sector spending guidelines.

What you need, when you need it.

Our leasing solution:

- Converts the cost of lockers into a manageable budget item.
- Provides secure, dedicated personal storage for every student.
- Helps students avoid potential back problems from carrying overloaded bags.
- Improves efficiencies in the school – financially and operationally.

BioCote is a unique, patent protected anti-microbial powder coating which inhibits the growth of micro-organism on treated surfaces. By restricting the growth of potentially harmful bacteria and fungi, BioCote helps reduce the risks of infection spreading in the school community from surfaces with high contact frequency such as lockers. Link lockers with BioCote protection help you to keep your school as clean as possible.

Link Lockers are market leaders in intelligently designed locker facilities, affording spacious compartment storage with the optimum use of floor space. With the introduction of leasing, we can now also help you manage your budget efficiently.

BioCote® Protected

Manufactured in the UK

Conforms to BS 4680

Lockers Finance Solutions

Your budget and space problem solved.

This example shows how the numbers might work with our leasing solution, based on a typical secondary school with 1,000 students split into five year groups of 200 pupils each. Please note that these figures are for guideline purposes only.

It's clear how you can make your locker facilities work to your advantage within your budget. And, when the lease period ends, the individual locker rental value becomes a net plus on your books.

Investment period	3 years	4 years
Nominal total locker cost	£21,000	£21,000
Lease Option		
Annual payment	£7,504.40	£6126.36
Annual compartment rental cost	£10.00	£10.00
Rental Income per annum	£10,000	£10,000
Annual profit	£2,495.60	£3873.64

The Link Lockers Maintenance Package ensures your lockers remain in good order throughout their time in your school. Ask for details with your leasing enquiry.

Speak to a specialist

Once you've secured the finance to install lockers, you need the to ensure you're making the most of the space you have. Link Lockers can help here too.

With our expertise and finance package, we can help you manage your budget and get the maximum return on the lockers and available space.

If you'd like a detailed quotation or more information on leasing and maintenance, please call our Leasing Specialists on 01952 682 262 or email sales@linklockers.co.uk. They will be happy to show you the smart way to get more from your space and budget.
