The polishing system complies with BS6250 and utilises **Medicoate Lacquer** on all show wood surfaces. This system resists microbial growth to combat the spread of infection both in medical and non-medical uses.

Show wood on our furniture is hand stained and sprayed using between 2 and 4 coats of lacquer. The lacquer is water based to reduce VOC emissions to the environment.

We offer the 6 wood shades below, but, we can **colour match** on larger orders if required.
