# Natural browns

Inspired by natural wood and bark textures found in the forest, this group of browns offer a choice of calming and reassuring background textures. Ranging from soft acorn blonde and golden cherry to deep luxurious mahogany and chestnut browns, these colours form a spectrum of naturals that add interest and variety into a relaxing background.

The magical and spiritual qualities of the purple lilac palette are said to be ideally suited to places of contemplation and quiet. Here is a selection of fashionable warm mauves, cool lilacs and inky midnight blues which offer a versatile range of moods and styles. Nature's flowers, such as heather, violet, wisteria, lilac and pansy, all inspire and give their names to the purple palette.

# Refreshing greens

Green brings a sense of balance and equilibrium to any scheme. Associated with nature, it has qualities of fertility and growth and can bring life into rooms. Greens are inspired by the colour of foliage, prairies and jungles with a spectrum from pale olives to fresh citrus and deep greens.
