

Castle Sound Finance

There are many ways to make paying for Castle Products and services as simple as possible. These include tried and tested business means as well as more 'consumer' style easy-payment terms.

Credit Cards

We now accept all major credit and debit cards. In business, this is now a very effective way to pay for goods and services as it is instant and it offers 30 days free credit without going through the process of opening a credit account. It can also avoid having to open a supplier account for a one-off purchase in these times when companies are trying to rationalise their list of vendors.

To order by Credit or Debit card, just have your card ready and the description of the goods you want to buy and call us on 01723 584250. Alternatively, all of our order forms can be faxed back with your card details and we'll sort it for you.

Industrial Finance

Credit finance is often used in personal purchases without the batting of an eyelid for purchases of almost any value. In business, however, it is often only considered for large capital expenditure. At Castle we can offer the services of two finance companies who will extend finance credit terms for business purchases as small as £1000. This presents the perfect opportunity to spread the cost of purchase over more than one financial year and therefore more than one budget. You can ring one of the contacts below yourself, or simply ring us at Castle on 01723 584250 and we will do the rest for you.

Credit Account

We are still very happy to set up a 30 day credit account for any credit worthy company. We have a simple form to complete giving us the basic details we need and we do the rest. All you have to do is place the order! The beauty of a credit account is that the next time you want to order something from us, all you have to do is pick up the phone and call us on 01723 584250

Pro-forma

In life today it is almost considered old fashioned to pay for goods in-advance. We, at Castle do accept, however, that this can indeed be a very efficient way to do business as, once the transaction is complete, there is no follow up administration. We will always provide pro-forma invoices where required and all goods come with a full VAT invoice as well...**We Even Accept Cash!!!**
