

NUBAR™

Infinity Professional Training Course Prospectus

NUBAR

The Nubar Brand

The **Nubar** brand was founded, and continues to be developed in Los Angeles, at the heart of the Beauty and Fashion Industry. Distributed throughout the UK and Ireland by Palms Extra Ltd., the brand started as a manufacturer of innovative, high quality Nail Care products for the natural nail and is widely known for its 100% Free+philosophy, where all Nail Lacquers, Treatments and Nail Art products are **FREE from Formaldehyde, Toluene and DBP Phthalates**.

The company has since continued to see phenomenal growth over the past few years with the introduction of the **Infinity UV Gel** and **Acrylic Ranges** as well as the fabulous Manicure and Pedicure **Skin Essentials** Collections and the **Gelicure** Soak Off UV Gel Polish. Growth doesn't stop here, with new collections and products constantly in the pipelines.

With over 500 Distributors active in 22 countries, **Nubar** is enjoying continued success on a global scale. The company is committed to supplying the best quality product at competitive prices and guarantees to remain a dynamic, innovative and high quality brand, promoting **"The Healthy Alternative for Beautiful Nails."** By selecting Nubar, you are choosing to work with one of the Industry's most exciting brands.

Infinity Product Conversion Courses

Conversion courses are also available on both Infinity Enhancement Systems. These are offered at our Regional Training Centres as well as In-Salon training, where sufficient Technicians are available.

There are two different courses, depending on whether you are a Technician wanting to change products or you are looking for a System change.

A Product Conversion course will run for One Day, with System Conversions requiring Two Days.

Both courses will give Technicians already trained in an enhancement system the opportunity to learn more about the extensive Nubar Range and your chosen Infinity System, as well as enable you to work with the products, gaining expert advice and further knowledge from our Nubar Experts. Confidence and competency are what Nubar Trainers are committed to delivering for all Students.
