#### Type 300007

In cm: L 696 - B 396 - H 299

Required space: 1046 x 746

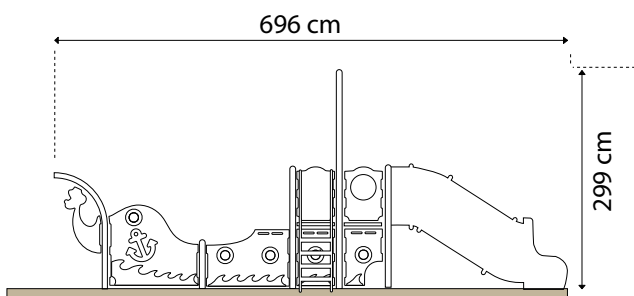

Climbing height: 90

Floor height : 90

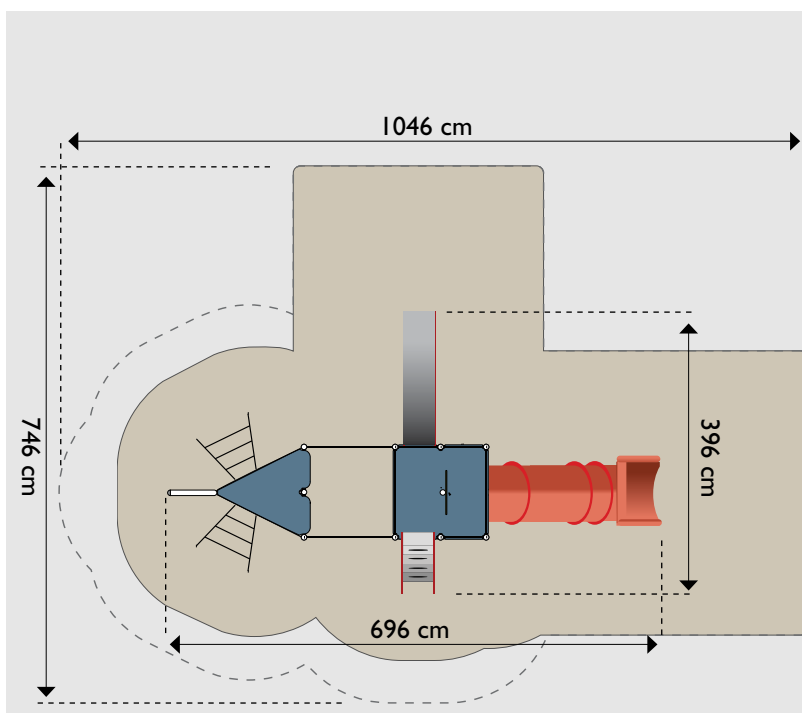

Safety surface: IAW. EN 1177

Age group: 2 - 8 years

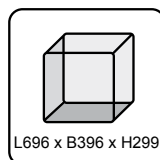

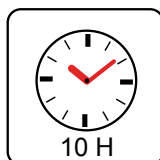

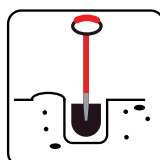

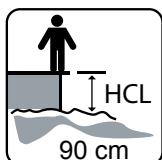

### Required space

Dimensions in cm: L 696 x B 396 x H 299

Required space in cm: L 1046 x B 746

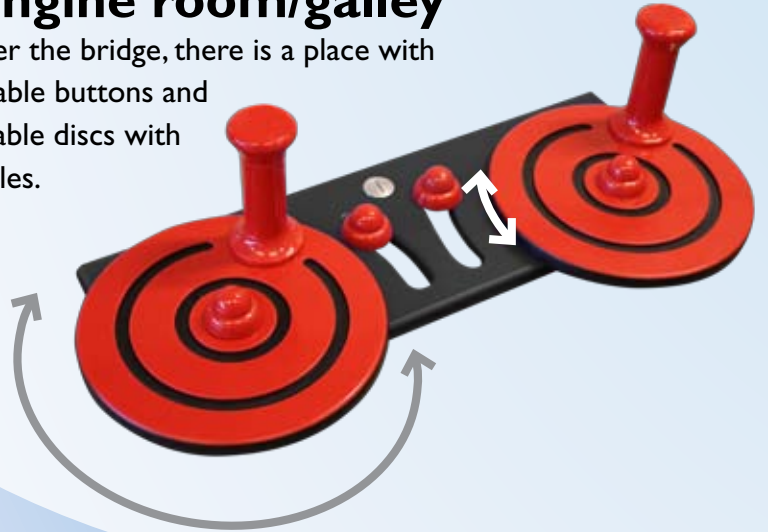

## “Telescopes”

There are two telescopes on board.  
They can both turn and tip.

## “Engine room/galley”

Under the bridge, there is a place with  
movable buttons and  
turnable discs with  
handles.

## Pirate flag

Of course, the Jolly Roger is flying  
from the ship's mast.

## “Sea chart”

3 movable ships can sail around  
a little island.

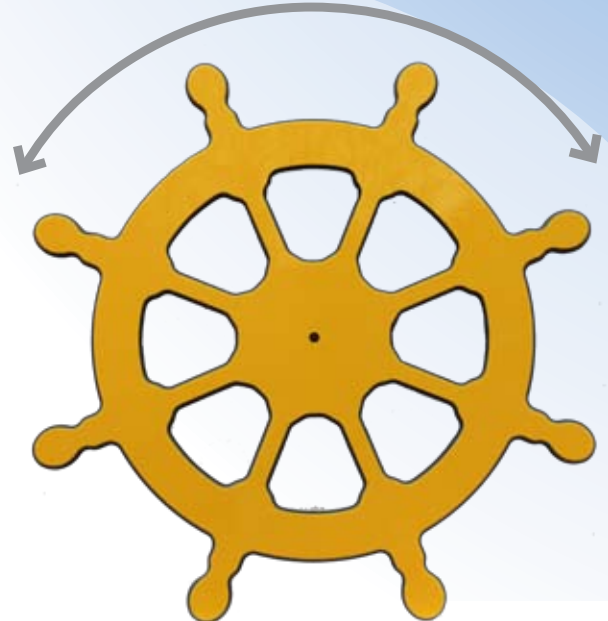

## “GPS”

Even pirate ships need a  
GPS device these days.  
The buttons can be  
moved into different  
directions.

## “Steering Wheel”

Just like on a real ship: a turnable wheel.

## 2 x play with numbers

Both on the bridge and on the stern, there are side panels with numbers that can be moved.

## Decoration

Crossed pirate's swords adorn the ship's side.

## Stern mirror

- makes life on board more interesting.

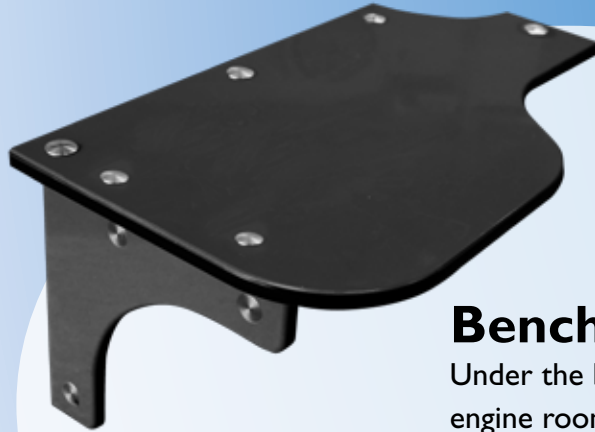

**Click - Click**

### “Pump”

In the cargo hold, there is a pump (turnable disc).

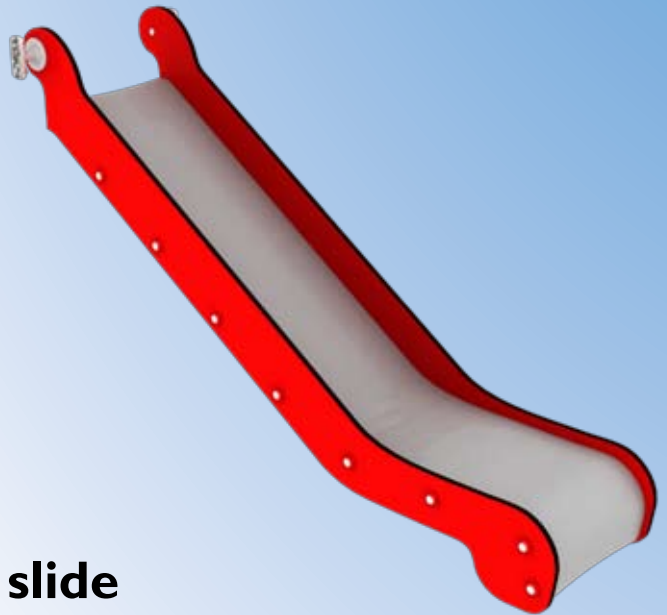

### Bench

Under the bridge in the galley/ engine room, there is a little respite bench.

### Tube slide

Made of polyethylene. Doesn't heat up in the sun. Can be supplied with windows.

### Open slide

Sliding zone made of polyethylene. Doesn't heat up in the sun.

### Stairs

Even the youngest can play. They board the ship via skidproof steps, steadying themselves with the handles in the stairrail.

# Safe high quality playground...

All our ropes are supplied with steel inserts.

All pipes are made of galvanized steel and thus maintenance free.

All horizontal surfaces are covered with rubber to make them skid-proof - car industry technology.

Nut covers cap sharp edges and prevent unwanted removal.

Dome of shatter-proof polycarbonate.

PAK test

All synthetic fabrics are tested free of heavy metals by TÜV.

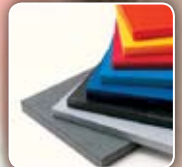

All Ledon Play equipment are tested and approved according to the latest specifications of EN 1176 by TÜV.

All handles, nut caps, foot rests etc. are manufactured from impact-proof nylon. The nylon is shockproof between -40° C to + 110° C.

Alle Poledon-plates are manufactured from environmentally friendly polyethylene (PE) Advantages: No maintenance - non toxic material - 100% recyclable - scratches and dents do not reduce neither the quality nor the lifetime of the product. All our Poledon-plates are UV stabilized and we warrant a 5-year guarantee against essential fading of the colour. 10 year guarantee against material and production failure. Our plates of polyethylene don't splinter, and all joints are gap-free. Which means that neither fingers nor clothes can get caught or ripped.

**10 year guarantee**  
against material and production failure. 5 year **guarantee** against essential fading of the colours.
