AHAVA

Essential Dead Sea Treatment

exclusive **TRY ME** sensational reader offers!

AHAVA is an internationally renowned skin care collection developed by Dead Sea Laboratories. Each series in the collection is based on the natural health minerals of the Dead Sea.

The essence of vitality, health and beauty, the Dead Sea abounds with the renewing powers of Nature, drawn exclusively from its mysterious, life-giving waters. The treasure trove of natural ingredients formulated in this ancient, mineral-rich basin is renowned for its curative powers. The region has been a source of fascination throughout the millennia, dating back to the time of Cleopatra who made this oasis her own personal health spa.

The waters of the Dead Sea contain the highest concentration of minerals in the world - an astounding 32%. Far from reflecting its name, the Dead Sea thrives with life. As the lowest point on earth (400 meters below sea level), this miraculous body of water harbours minerals essential for glowing skin and overall good health – such as magnesium, calcium, bromides and potassium – in unsurpassed concentrations.

AHAVA's extensive range of mineral-based skin care products uses the efficacy of these minerals to slow the skin's aging process and replenish its natural moisture balance. In AHAVA skin care the magical properties of the Dead Sea become scientific fact.

AHAVA's unique Mineral Skin Osmoter™, an active anti-ageing compound of Dead Sea mineral extracts and plant-derived anti-oxidants, provides intense moisture to smooth skin from the outside and to firm from the inside, preventing wrinkles from forming and repairing lines once they are present. Mineral Skin Osmoter™ enriches all AHAVA face and body products.

DEAD SEA MINERAL MUD

The Dead Sea's rich black mineral mud was created through the erosion of sedimentary clay from the mountains to the sea. Over thousands of years the mud absorbed a high concentration of minerals from the Dead Sea waters. This mineral mud has a natural cleansing ability. It effectively removes excess oils and impurities from the skin. The mud lifts away dead skin cells, revealing a more youthful, vibrant layer of skin. Use as a bodycare treatment. Do not use on the face.

Directions: Spread generously over the entire body, avoiding any open cuts. Leave on for 7 to 15 minutes, and then rinse thoroughly with lukewarm water. For the deep relief of tension in aching muscles and joints, heat the mud packet in a pan of hot water or in the microwave for two minutes at medium heat (when using the microwave, open the bag before heating). Test heat before applying to the skin.

MINERAL BODY LOTION 250ml

Intense moisturizers work to make this formula an ideal milk that hydrates and heals your skin. Rich in Aloe Vera, natural moisturizers, and Ahava's own Osmoter compound, Mineral Body Lotion glides on easily to wrap your body in splendid, silky softness all day long. Can be smoothed onto partially wet skin for remarkable results.

Approved for Sensitive Skin. Hypoallergenic. Dermatologically Tested.

MINERAL HAND CREAM 100ml

This extremely rich cream provides your hands with deep nourishment and hydration, instantly soothing chapped, dry surfaces and imparting healthy, satiny softness for increased comfort throughout the day. Absorbs quickly without leaving a greasy feeling and restores vitality for supple, softer and younger looking hands.

Approved for Sensitive Skin. Hypoallergenic. Dermatologically Tested.

MINERAL FOOT CREAM 100ml

Rescue and renew the rough skin on the soles of your feet and prevent chapping and cracking. This exclusive formulation enriched with our very own Mineral Skin Osmoter™, anti-bacterial Tea-tree oil and other natural plant derivatives, makes the splits and dryness disappear. Enjoy visibly smoother revitalized skin.

Hypoallergenic.

MINERAL SHOWER GEL 250ml

Smother your body in the luxuriousness of our mineral-enriched gel. The combination of delicate cleansing ingredients, natural moisturizers and mild plant extracts, such as Aloe Vera, washes over you like a fresh spring rain.

Hypoallergenic.
