Arm Protectors

IMPACTO™ protectors provide impact, cushioning, shock absorption or pressure point protection to help prevent cumulative trauma. Typically used in maintenance, assembly and construction applications.

OUTER COVER - Breathable stretch fabrics or durable abrasion resistant leather. Last 2 digits indicate the type of leather, -00 for no leather, -10 for suede leather, -20 for grain leather, i.e.: 804-20.

PADDING - Various combinations of foam materials and Visco-Elastic Polymer (VEP) are used to maximize protection.

SIZES - Small to X-Large, customized sizes available.

Forearm - 805-10

Pull on style, polycotton Lycra®, layered foam and VEP padding, suede leather cover for abrasion

805-05 - No leather
805-20 - Grain leather

Hand/Forearm - 815-00

Nylon half thumb style, VEP padding palm and back of hand 12" length, hook & loop closure, order left or right

Elbow/Forearm 811-20

Tubular construction, stretch polyester, grain leather, combination VEP and foam padding

811-10 - Suede leather

Elbow Pad - 804-00

Pull on style, memory foam padding, polycotton Lycra with removable padding

804-20 - Grain leather, padding not removable

Elbow Pad - 806-20

Tubular stretch polyester, layered foam & VEP pad, grain leather cover

806-00 - Without leather
806-25 - Cutout inside elbow for comfort

Shoulder and Torso Protectors

Durable, lightweight and adjustable to provide abrasion and cumulative trauma protection. Customized designs to suit specific tasks.

OUTER COVER - Available in Denim for breathability and comfort (Order -00, ie: 910-00) or in Cordura® for ease of cleaning and durability (Order -80, ie: 910-80).

PADDING - Multi-layered foam and Visco-Elastic Polymer (VEP) materials. **SIZES** - One size only, fits left or right side.

Breast protector - 910-00

Worn over one shoulder with size adjustments on both sides, plastic release buckle closure, denim

910-80 - Cordura®

Shoulder - 912-80

Half-vest style, padded shoulder, elastic straps with side release buckle closure

Rib protector - 913-00

Denim, half vest style Elastic adjustable straps with buckle closure

933-00 - Extended style with entire front padded

Chest/Abdominal protection - 909-80

Apron style, Cordura, webbing waist strap with side release buckle closure. Webbing loop around neck. 17" x 26".

Abdominal pad 914-80

Cumberbund style, Cordura® with reinforced adjustable straps and side release buckle closure

914-00 - Denim
914-30 - Pearl leather

Thigh Protectors

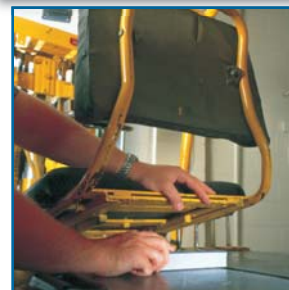

808-00 - durable Cordura® with foam padding, adjustable waist belt, leg straps with hook and loop closure

807-10 - foam and VEP layered padding, suede leather cover, elastic straps around legs (small photo)

817-10 - same as 807-10, with extended padding

Block Seat Mount

Vibration dampening Epoflex® with adhesive backing. Positioned between the seat and the frame. Designed for industrial vehicles such as forklifts.

925-00 - standard style

925-01 - magnetic bottom strip for easy installation

Seat Protectors

Sizes
 S 19"x21"
 M 22"x24"
 L 25"x24"
 XL 29"x25"

Chap Style

Quick release waist belt, foam padding, elastic leg straps, hook and loop closure

901-00 - breathable denim
 901-80 - easy to clean Cordura®
 901-81 - denim, suede patch

Leather Seat Padding

Quick release waist belt, foam padding, elastic leg straps, hook and loop closure

905-10 - double padded, all suede, grain leather patch (pictured)
 905-20 - all grain leather

Anti-Vibration Cushion

Vinyl and Cambrelle® outer cover. Self-adjusting 1" memory foam. Elastic straps with hook & loop to affix to seat, 17" x 17"

907-40 - single thickness
 917-40 - double thickness

Gel Seat Cushion - 907GEL

Layered foam and Gel cushion, heavy duty nylon top cover with resilient plastic underside, 18" x 16"

Shin Protectors

810-10

Lightweight, pull-on style, knit elastic with suede leather cover, layered foam padding, 13"x5"

819-10

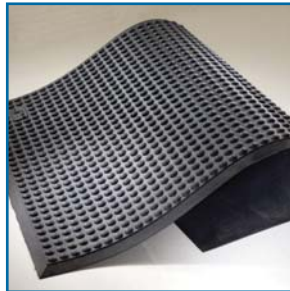

Suede leather and cotton, combined shin and knee protection, layered foam & VEP pad, elastic straps, 16"x5.5"

821-20

Grain leather, breathable mesh lining, layered foam padding, elastic straps, hook and loop closure, 13"x5"

Anti-Fatigue Mats

IMPACTO™ WORKMAT

High chemical resistant with anti-slip backing. Helps reduce the cumulative trauma disorders commonly found in the standing workplace environment. Elastic design forces muscles to move even when standing still. Ergonomically designed to provide a comfortable place to stand for long periods of time. Standard size 24" x 36" x 5/8". Outside 3/4" beveled edge. Other sizes available. Used in many work environments including factories, offices, laboratories, restaurants, workshops, schools, gas stations, airports and more.

Specialty Body Protectors

Groin/Chest Protector 934-01

- ★ Multi-layered removable foam padding in torso, groin and kidney area
- ★ Padded detachable neck guard
- ★ Durable denim fabric
- ★ Breathable lining
- ★ Waist seam for flexibility
- ★ Front and side adjustments, hook and loop closures
- ★ Sizes S-XXL, washable

Protection for Providers of Special Care

Designed for Educational and Institutional Workers
 Other styles available

Hand/Arm Guard - AL251-14

Pull on style, padded top and bottom of arm, made of double layer 100% KEVLAR®, S-XL, left/right

Shin Guard - AL257

VEP padded with suede leather for abrasion protection, made of double layer 100% KEVLAR®, sizes S-XL

Foot Protectors

IMPACTO™ lightweight cellular cushioning foam Insoles. Open-cell structure engineered for greater resiliency, breathability and reducing heat build up. Top layer provides constant cushioning and even distribution of weight to protect pressure points. **IMPACTO™** Insoles provide superior impact and shock absorption. Antimicrobial foam helps to reduce foot odor. Fully washable.

FULL FLAT Styles - Designed to provide comfort and support, used with dress, sports and low cut footwear.

CONTOURED MOLDED Styles - Provide heel stability and arch support, typically used with safety and rubber boots and shoes.

AIRSOL

ASMOLD - Molded style
ASFLAT - Full flat style

CUSH'N STEP

CUSHMOLD - Molded style with breathable fabric cover that wicks away perspiration. Reinforced

Gel heel insert provides additional cushioning and support.

CUSHFLAT
- Full flat style
(same as ASFLAT)

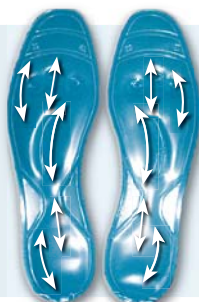

IMPACTOSOL

IMMOLD - Molded style, with gel heel and metatarsal inserts for superior shock protection.

IMFLAT - Flat style, Epoflex® Visco-Elastic Polymer heel to toe provides maximum shock and impact protection. Natural tackiness on the undersurface holds the insole in place to prevent slipping and bunching.

LIQUA CARE - Therapeutic Flow Gel™ Insoles

Used for prolonged standing or walking. Ideal with most types of footwear. Liquid flows through patented, anatomically designed control channels, ensuring directional stability walking or standing. The dynamic flow of liquid distributes body weight enabling movement of the foot muscles. This massaging action stimulates the venous pump function, reducing pressures, soreness and aching feet and providing fatigue relief and sensational comfort.

FLOWGEL - With fabric cover **VIVASTEP** - Without fabric.
Photo for illustrations only. FLOWGEL is gray, VIVASTEP is royal blue.

RHINOTUFF® - Puncture Resistant Insoles

Stainless steel plate protects against puncture wounds and bruising to the feet caused by objects such as nails, scrap metal, iron shards and rocks.

Orthotic support system consists of heel cup, arch support and metatarsal support to help align the skeletal structure reducing foot, leg and lower back fatigue and pain.

Used in many applications including construction, manufacturing, utility workers, fire fighting and farming.

Exceeds minimum force resistance of 270 Lbs. as specified in ASTM F2413.

NUSOL

Made of Polyurethane foam with gel heel insert for extra cushioning. Fabric cover wicks away moisture. Perforated for air movement. One size only with trim marks to customize.

NUSOLM (men)
NUSOLW (women)

METGUARD - Metatarsal Guard

Safety footwear attachment protects the metatarsal area by deflecting and dispersing the impact of falling loads. Designed and tested to compliment steel cap footwear. The lip of the METGUARD sits on top of the steel cap at load point and is secured with existing laces or straps. One size. Part# **METGUARD**. Straps sold separately, # **METSTRAP**.

Suitable for use in all workplaces and industries including mining, construction, manufacturing, transport, storage, forestry, retail trade.

IMPACTOE - Safety Toe Overshoe

Protects the toe area. Ideal for any working environment that carries a risk of accidental toe damage or has a steel toe cap requirement. Fits tightly over existing shoes providing a solid steel cap to protect against accidental crushing or stubbing. Made of molded injected seamless vulcanized rubber. Anti-slip sole, resistant to acid, oil, and animal fat, 100% waterproof. Will not harden, stiffen or crack. PVC-free. Part# **IMPACTOE**
