825-00 - 18 pairs / kit

Hinged Action Hard Shell

Ribbed flat kneeling surface. Premium molded Nitrofoam® with superior moisture wicking Coolmax® liner. Hinged shell bends with the knee, flat surface provides stability, helps prevent knee and hip joint stress, replaceable straps.

840-00 - 36 pairs / kit

Molded Foam Comfort

Premium molded Nitrofoam® with superior moisture wicking Coolmax®. Single, replaceable elastic strap with hook and loop closure.

Environmentally Friendly! Nitrofoam® is injected and expanded by way of nitrogen in order to produce a toxin free foam. No CFCs, HFCs, VOCs or Azodicarbonmides are used in the manufacturing process.

PVC-FREE! Major corporations have instituted PVC phase-out policies to reduce or eliminate the toxic plastic from their products and packaging. The Impacto 840-00 and 825-00 are part of a market growing trend to help protect the environment.

CoolMax® is the industry leader in moisture management. The Impacto 840-00 and 825-00 kneepads are designed to wick perspiration away from the body into an absorbent sponge liner during use. After use the CoolMax® breathable properties allows the moisture to evaporate quickly. This thermoregulatory effect helps the end user stay drier and more comfortable.
