

# Welcome...

## Who we are...

**Schoolscapes** have been manufacturers and suppliers of playground equipment and outdoor furniture to schools and local authorities since 1996.

Our play and learning equipment is designed with safety as the highest priority but always with the emphasis on **FUN** and value for money.

Our talents include Landscape Design, Product Design, Civil Engineering, Graphic Design, Horticulture and Skilled Craftsmanship.

## Where we are...

**Schoolscapes** is based in Wadebridge, Cornwall, but we work all over the UK and beyond. There will be a Schoolscapes representative near you who can come and survey your site and talk to you about your ideas.

If you're visiting Cornwall and would like to see what we do you can find us at:  
Schoolscapes Ltd, Unit 1 Dunveth Business Park, West Hill, Wadebridge, Cornwall, PL27 7FE.  
Please call in advance to book an appointment.

## What we do...

**Schoolscapes** provides a full design, manufacturing and installation service for anything from a small quiet area to a large multi-play tower unit or adventure trail scheme.

Many of our school playground equipment items can be supplied for self assembly which helps stretch the budget a little further.

Our experience in Landscape Design makes us the ideal partner in the provision of 'Natural Play' which uses and enhances the existing features of a school's grounds or park to provide a 'Learning in the Outdoor Classroom' experience, allowing children to explore the natural environment in safe surroundings.
