# NOMAD™

## Portable X-Ray

*Now you can safely take quality images with a truly portable hand-held x-ray unit anytime, anyplace!*

*Nomad produces clear radiographs, working equally well with both film and digital imaging media.*

### **ECONOMICAL**

One Nomad can easily do the work of multiple conventional wall-mounted x-ray systems in clinical use, and it is unequalled for field work.

### **TRULY PORTABLE**

Weighing only 8lbs, the battery powered hand-held Nomad dental x-ray offers true portability with cordless operation and freedom from line voltage fluctuation. On one charge, Nomad can easily take more than 100 exposures.

### **IMPROVES QUALITY AND WORKFLOW**

You can take an x-ray anytime during a procedure for verification. You'll have more diagnostic information when you need it. You'll practise better dentistry. Nomad gets the x-ray to the patient, not the patient to the x-ray - you don't even leave the room! This improves work flow and saves time.

### **EASY TO USE**

The only input you need is the exposure time, entered through the user-friendly digital control panel. It's easier for you and more comfortable for the patient. The ease of use and time saving are especially effective with children.

### **WORKS WHEREVER YOU GO**

Nomad is perfect for travelling humanitarian/mobile dentistry with minimal equipment and facilities.

### **Tech Specs - NOMAD Hand-Held X-Ray**

Battery	NiCd, 14.4 V, 2 Ahr
Anode voltage	60 kV true DC
Anode current	2.3 mA
Exposure time range	0.01 - 0.99 s
Focal spot	0.4 mm
Inherent filtration	>1.5 mm Al
Source to skin distance	20 cm
X-ray field	60 mm round
Maximum duty cycle	1:60
Total weight	<4 Kg
Appropriate dimensions	W 5.25" L 10.0" H 9.5"

**£7560.86**

**NOMAD Hand-Held X-Ray**

- Ideal for portable and forensic dentistry
- Hand-held unit is designed for operator safety and patient acceptance
- Backscatter guard and internal shielding protect user during use

**MODEL: ARU-06ENC-220**

*This can change the way you practise dentistry in many positive ways*

**£639.82**

**Deluxe X-Ray Stand for NOMAD X-Ray**

- Secure, telescoping frame
- Rotating X-ray mounting clamp
- Post extends from:  
91.4 to 152.4cm (36" to 60")
- Easy positioning of the X-ray with patient in chair is enhanced when the optional caster kit is installed

**MODEL: ARU-06BS**

# IMPLANT & ORAL Surgery system

*High End Performance at an Affordable Price!*

Adjustable torque up to 60 Ncm enables a single, high-efficiency 20:1 reduction handpiece to be used for the complete implant procedure

Six programme preset buttons for storing and labelling custom settings in memory. Presets may be labelled according to technique-specific preferences

- Powerful brushless 40,000 rpm auto clavable micromotor
- Variable ratio selection: 1:5, 1:2, 1:1 and 20:1 E-type handpieces
- Advanced dynamometer calibration system accurately measures the properties of the micrometer and handpiece prior to use
- Selectable auto-stop function when desired torque setting is reached
- Intuitive user interface that features adjustable handpiece ratio, speed, torque and irrigation flow settings
- Includes autoclavable tubing set for standard irrigation bags; optional tubing set accommodates rigid irrigation bottles
- Fully integrated, easy-load irrigation pump
- Autoclavable motor holder may be free-standing or mounted to either side of the console

# ASEPTICHAIR ASEPTISTOOL

## Portable Equipment

*Specialised chair and stool  
for Dentist and Child*

Aseptico's new ADC-01P-RED Portable Paediatric Dental Chair is said to be the ideal platform for examining and treating children in public health and school-based environments.

### FEATURES INLCUDE

- Weighs only 30 lb (13.6 kg) and accommodates patients up to 500 lbs (225 kg)!
- Headrest cushion, arm slings, and soft-sided carrying case are standard features – no hidden costs!
- Compact, one-piece design sets up / folds down in seconds, with no loose pieces to be lost or damaged in transit
- Shorter backrest may be adjusted from vertical to supine for improved access and patient comfort
- Seat height may be easily set to any of five (5) positions;
- The toe board may be folded down, converting the ADC-01P-RED into a standard exam chair
- The carrying case has additional carrying handles to facilitate transport from the vehicle to the work site
- Durable, red upholstery is appealing to patients and easy to keep clean

Portable stool to go with ADC-01 AseptiChair. It folds neatly into a carrying case.

### FEATURES INLCUDE

- Padded back and seat, casters and adjustable height.

*The equipment combines comfortable dental chairs (now both Adult and Child) with operators stools, convenient lights as well as delivery systems.*

**£1,399.08**

**Aseptico Chair**

Durable, red upholstery is appealing to patients and easy to keep clean

**MODEL: ADC-01 RED/CHILD**

**£649.18**

**Aseptico Stool**

padded back and seat, casters and adjustable height.

**MODEL: ADC-08 RED**

*The Aseptico range provides the ability to create a 'dental surgery' in any room anywhere – all you will need is power.*

## AseptiChair

## Portable Operator Stools

MODEL: ADC-01

**£1369.08**

MODEL: ADC-08

**£619.18**

People involved in portable dentistry praise this chair. Lightweight but very sturdy. Comfortable and safe for up to 500 pounds. High strength steel construction. Back adjusts, with patient in chair, from full upright to supine position. Adjustable seat height from 20cm to 56cm (8" to 22"). Can be used as standard sit-up chair.

Folded dimensions: 58 x 86 x 20cm, 23" x 34" x 8"  
Weight: 13.6kg, 30 lbs.  
(Comes in strong padded case)

Portable stool to go with ADC-01 AseptiChair. It folds neatly into a carrying case. Features include padded back and seat, casters and adjustable height.

# PRICE LIST

## AseptiLight

MODEL: ALU-27

**£928.76**

Lightweight moulded plastic head on universal highly adjustable stand. Intensity control. Folds neatly into carrying case.

Measuring: 22.8 x 114.3 x 14cm, 9" x 45" x 5-1/2"

Weight: 6.8kg, 15 lbs

Uses long life halogen bulb that provides 1000-1100 FT candle at 2'0"

Comes with extra bulb.

G-29B Osram 55109

Flood Bulb, 20W 12V

## Transport II

MODEL: AEU-425

**£4815.83**

Easily transported with pull-out handle and wheels. Lightweight. Optional piezo ultrasonic scaler. Optional fibre optic micromotor.

Features include: 3-way Syringe, Autoclavable 30k Motor. Accepts all E-Type Handpieces, High and Low Volume Evacuation. Self Contained Water Supply, Self Contained Air Compressor On/Off Foot Switch.

Weight: 22.7kg, 50 lbs

## Taskforce Deluxe

MODEL: ADU-12DCE

**£2125.84**

The ideal solution and exceptional value for providing basic dental care in remote field environments.

Features include: The Taskforce Deluxe adds a Cavitron connection and improved handpiece controls to the popular Taskforce system. Dual handpiece control - High and low speed. 3-way air-water syringe. Powerful saliva ejector suction. Internal high-power oil-free air compressor provides over 2.2 bar, 32 psi to handpieces. One-litre water reservoir. 950 ml waste container.

All system components pack into the rugged aluminium carrying case for easy transport. Case has integrated combination lock for added security.

Dimensions: 31.7 x 44.4 x 19cm, 12.5" x 17.5" x 7.5"

Weight: 12.9Kg, 28.5 lbs.

# PRICE LIST

## Portable Tray Stand

MODEL: ATC-03CF

**£621.93**

The portable tray stand features a sturdy tripod stand with a standard 33 x 24.7cm, 13" x 9.75" stainless instrument tray top. The tray is easily removed for autoclaving.

Stand is height adjustable from 73.6 to 144.7cm, 29" to 57"  
Folds up into vinyl carrying case (included)

## Supply Case

MODEL: ADC-01C

**£199.51**

Sturdy EMT carrying case for medical/ dental supplies. Drawers are removable and interchangeable for easy cleaning. Non-slip rubber feet. Padlock tab to secure supplies.

Dimensions: 27 x 49.5 x 38cm,  
10-3/4" x 19-1/2" x 15"  
Weight: 8.16kg, 18 lbs.  
This medical supply case is a real asset for the portable equipment line.

## Fold-A-Way Cart

MODEL: ATC-09

**£224.94**

Dental equipment to, from, or within a work site. The Fold-A-Way cart sets up quickly and easily. Its compact size allows for easy storage under a car seat, overhead bin, or closet. The sturdy Fold-A-Way cart from Aseptico is the ideal solution to reduce strain while transporting. Portable aluminium frame with ample cargo tray has large rubber wheels that can accommodate 275 lb. (125Kg) on flat surfaces or 110 lb. (50 Kg) on stairs or kerbs. The Fold-A-Way cart also has many applications for the traditional dental practice, such as moving heavy file boxes or supplies.

Folded dimensions: 6.35cm, 2.5"  
Weight: 4.53kg, 10 lbs.

## Express II Plus

ITEM: AA-26SS

**£15.48**

MODEL: ADU-17

**£2820.71**

MODEL: ADU-17X

**£3040.86**

Portable cuspidor, featuring a 5" (12.7cm) diameter mouth and durable, autoclavable stainless steel construction. The convenient handle allows the patient to hold the AA-26SS during use. A solids collection screen is also included. Connects to saliva ejector line.

Aseptico's newest portable systems. These powerful vacuum units bring the convenience of a fully self-contained package that is easily transported with wheels and retractable handle. Both systems are ideal for public health dentistry and wherever portable suction is needed.

- 3-way air/water syringe
- HVE and saliva ejector with vacuum hoses, valves and tips
- 1-litre water supply reservoir
- Extra-large 1 gallon (4.1 litre) waste container with automatic overflow shut-off
- Built-in compressor
- Suction may be activated via the included AE-7P footswitch or manually switched to run continuously
- Impact resistant case includes pull-up handle and wheels for easy transport
- Convenient instrument holder attaches to case pull-up handle

Model ADU-17X includes pneumatic handpiece control (handpieces sold separately)

Weight: 22.7kg, 50 lbs
