

GREAT VALUE  
**When In Area**

When In Area offer which will not only save you money now on our normal call-out service charges, but prevent problems and higher bills in the future.

The cost of a When In Area service visit from a highly qualified Velopex technician is £136.00 + VAT. Time on site after the first hour is chargeable at the normal rate, parts and consumables are extra. In addition, you can save 5% on the total bill by paying on the day.

If you wish to take up this offer please contact our Service Help Desk to arrange a Service visit.

ECONOMIC  
**Service Contract**

Freedom Contract – If all you want to do with your processor is post films and get radiographs, then the Freedom Contract is for you. A Velopex Technician will set the unit up with fresh chemistry (with 10 litre tanks fitted below) and will return to clean the unit and change the chemistry every 10-12 weeks. All chemistry is included as is the removal of chemical waste. This contract covers 12 Months.

We are happy to provide fixed priced Service Contracts on our equipment., contact us for more information

**We are available to support all Velopex Equipment – regardless of age, on your premises, or shipped back to our base for comprehensive service or repair. We also handle telephone enquiries and questions and can advise you on ways to clean and maintain your Velopex equipment. Our team of highly trained technicians is available to visit your premises to service your equipment or provide a demonstration of any Velopex product.**
