Artificial Grass Technical Specification

Size:

Standard width: 4m

Roll length: Up to 30m

Covered Area Available Size:

Unlimited

Construction:

Yarn Type: 100% UV Stabilised Monofilament Polyethylene/Texturised Polypropylene

Pile Height: 30mm

Pile Weight: 1450gsm

Finished Weight: 2190gsm

Stitches: 16,380 per sqm

Tuft Gauge: 5/16"

Construction: Tufted

Realistic Appearance

Simplicity Grass very closely resembles real turf in both its appearance and the way it feels underfoot. The pile is two-tone green and beige and is 30mm high. The yarn type is 100% UV Stabilised Monofilament Polyethylene/Texturised Polypropylene

Low Maintenance

Any mess left by pets, or food dropped on the lawn can simply be hosed off.

UV and Stain Resistant

The surface is resistant to UV rays and is completely stain-resistant.

Excellent Porosity

Once installed, the lawn will take care of itself. It has excellent drainage and porosity, so it can be laid in close proximity to water features with no fear of drainage issues.
