Wicksteed is keen to promote the importance of fun while keeping fit. Three special trail ranges, various Multi-Use Ballgame Areas and Mini Goals, Skateboard Parks and Supermoto Circuits for edgy BMX & Stunt Biking - all found in this section definitely encourage fun.

For all-round individual fitness our Xerscape range features 15 different units which provide great work-outs without expensive gym fees - all in the fresh air!

Our electronic-led games in the shapes of PlayAlive and SportACTIV are in hot demand; two interactive, competitive computer-based play systems which beep and flash as players participate.
