

## Monsta-Zones

Modular Play System  
Age range 6 to adult

*Wicksteed - Naturally*

This eye-catching and innovative 'monsta' range is designed to wow young teenagers and adults alike! It's a multi-play system which presents fantastic playing, exercising and 'chilling' opportunities. The huge zone towers, scaling walls, mega-twisting ladders and funky chain climbers set serious challenges; yet the multi-layered platforms provide cool zones for youngsters to simply hangout.

Deck heights: 1110mm, 1665mm and 2300mm

The designs show three alternative panel graphics. Your choice should be specified when ordering any of the Monsta range. Alternatively we can design any Monsta unit to a theme of your choice.
