

Ball games still play a vitally important role in the development of hand-to-eye coordination and creating a team ethos. Where space is at a premium our range of basketball units, slingshots, ball walls and Multi Use Games Areas offer the perfect solution for all kinds of ball-based play.

Wicksteed can provide a 'one-stop shop' from preparation of site to installation of surfacing.

Health Trek Stations have also been incorporated into local parks providing the ultimate in circuit training for local sports teams and the public alike.

Another satisfied customer stated:
"I must express my gratitude for the fantastic service your company has provided. It is obvious you value all your customers. I look forward to placing future orders as the level of service is excellent."

Slingshot

Slingshot is available as full or half versions and is a fun way of allowing the younger children to hone their throwing and catching skills.

Stand Alone Goals

From a single goal to a full Multi Use Games Area, our range of steel goal units are as robust as they are attractive. All in line with the latest British and European Standards, posts, panels and gates are also available in a range of 8 different colours. An increasingly common sight in school grounds, we can offer bespoke units to fit even the most awkward of areas at a cost effective price.

Multi Use Games Area

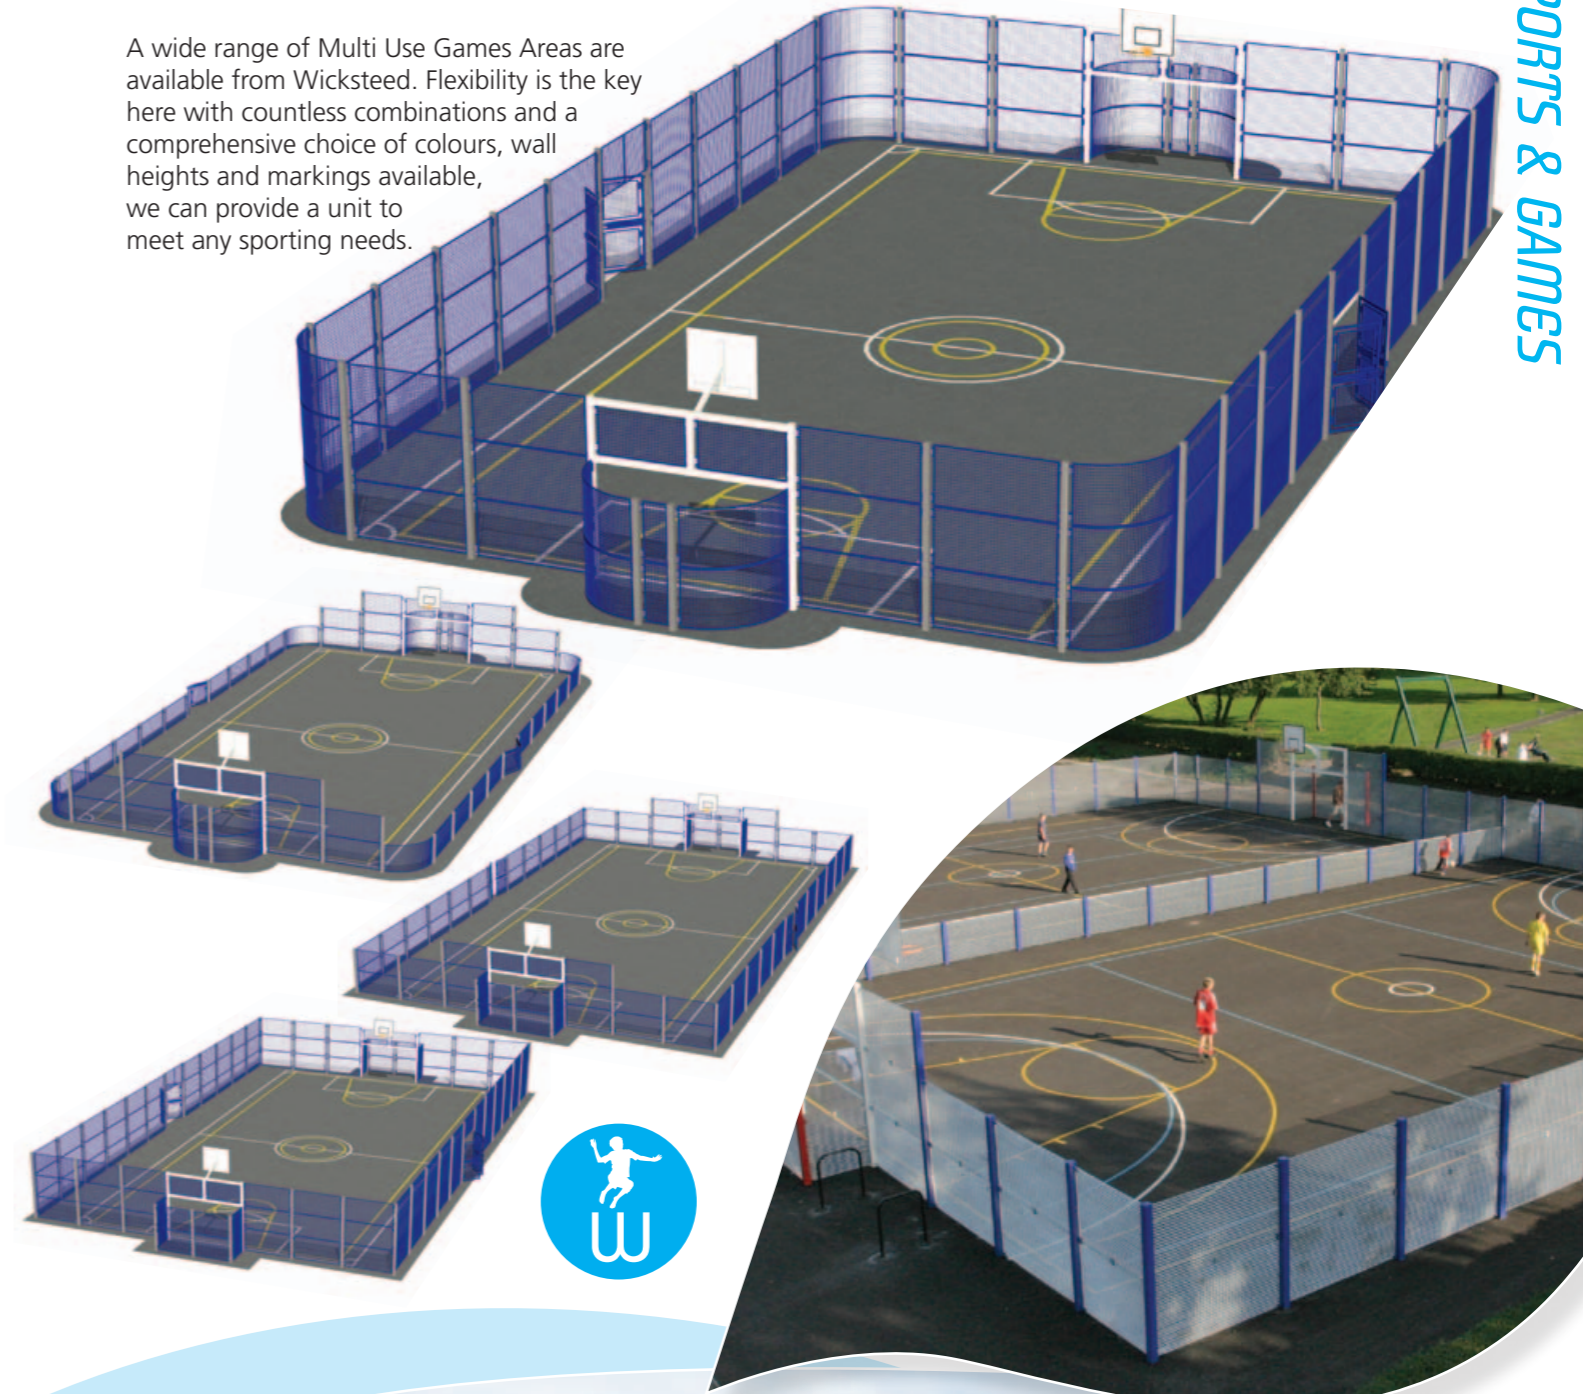

A wide range of Multi Use Games Areas are available from Wicksteed. Flexibility is the key here with countless combinations and a comprehensive choice of colours, wall heights and markings available, we can provide a unit to meet any sporting needs.

SportACTIV

SPORTS & GAMES

Get those hearts pounding with this outdoor electronic games system! Fantastic for all ages, satellite-based SportACTIV is fully inclusive and ideal for helping to develop coordination skills whilst providing plenty of energetic physical activity. The interactive system is supplied with 5 standard games – which are clearly explained on the accompanying signboard - and varying satellite formats can be applied. Predominantly designed for team games and multi-users, the game 'Speedy', can also be enjoyed by individuals.
