

BEST OF BRITISH QUALITY

BEST OF BRITISH QUALITY

HIGH QUALITY CRAFTSMANSHIP AND SERVICE SPANNING TWO CENTURIES

Your best guarantee of prompt, high quality service is the reputation we have developed over two centuries.

From the earliest days, the company has run on the foundations of craftsmanship and service, and we remain true to these traditions today.

One of our founders was a die-sinker in the Jewellery Quarter in Birmingham, who won awards for his skills. One of his dies has survived from the nineteenth century, through development and modernisation. It is on display with pride in the Company's factory in Birmingham today.

Still in family ownership, the Company has faithfully maintained the standards of quality, attention to detail and service that were set two centuries ago.

We have built on these foundations and have developed complementary skills to become one of the foremost names in manufacturing medals, badges, insignia and other presentational products, backed up by standards of service others find hard to match.

OUTSTANDING QUALITY WILL BE REMEMBERED LONG AFTER THE PURCHASE PRICE IS FORGOTTEN
