Flat four leg aluminium table base

**£79**

Top shown:  
ATTSD18 800x800 stainless steel **£56**

The FLAT system stabilises a table in a fraction of a second and is a constantly functioning and integral part of the aluminium table base. The technology means tables stay stable no matter where they are placed, automatically adjusting to the surface below then locking firmly into position, no matter how many times the tables are moved.
