**Heavy
Contract
Carpet
and
Tiles**

Welcome to Heckmondwike.

Contract carpeting with quality in every fibre

Heckmondwike is the UK's leading specialist in heavy contract carpets and carpet tiles. In fact, we've been at the forefront of the industry for over 40 years. Which means you can choose from one of the widest ranges of hardwearing fibre bonded and tufted products with absolute confidence and complete peace of mind.

Whatever the project - a school or college, a commercial building, a hospital, a library or a museum - Heckmondwike is your assurance of quality and service from start to finish.

Credentials

MANUFACTURING

The Heckmondwike name has always stood for quality and workmanship.

We're proud of that reputation. And recently, we invested millions of pounds in new plant, machinery, warehousing and systems to preserve it.

Making us better placed than ever to meet the demands of our customers with fast, efficient manufacturing and speedy delivery across our complete product range.

All backed up by meticulous quality control and independent quality assurance to BS EN ISO 9001.

RANGE

Our product portfolio offers choice, performance and value across a wide range of carpet types. It includes our popular fibre bonded range; exceptionally durable carpets and carpet tiles for areas of heavy wear and tear.

Our tufted carpets are hard wearing and shrug off stains, making them ideal for care environments like sheltered accommodation and nursing homes.

And we offer an excellent choice of specialist entrance and reception area carpeting that can be customised with your choice of colours and logos.

SUPPORT

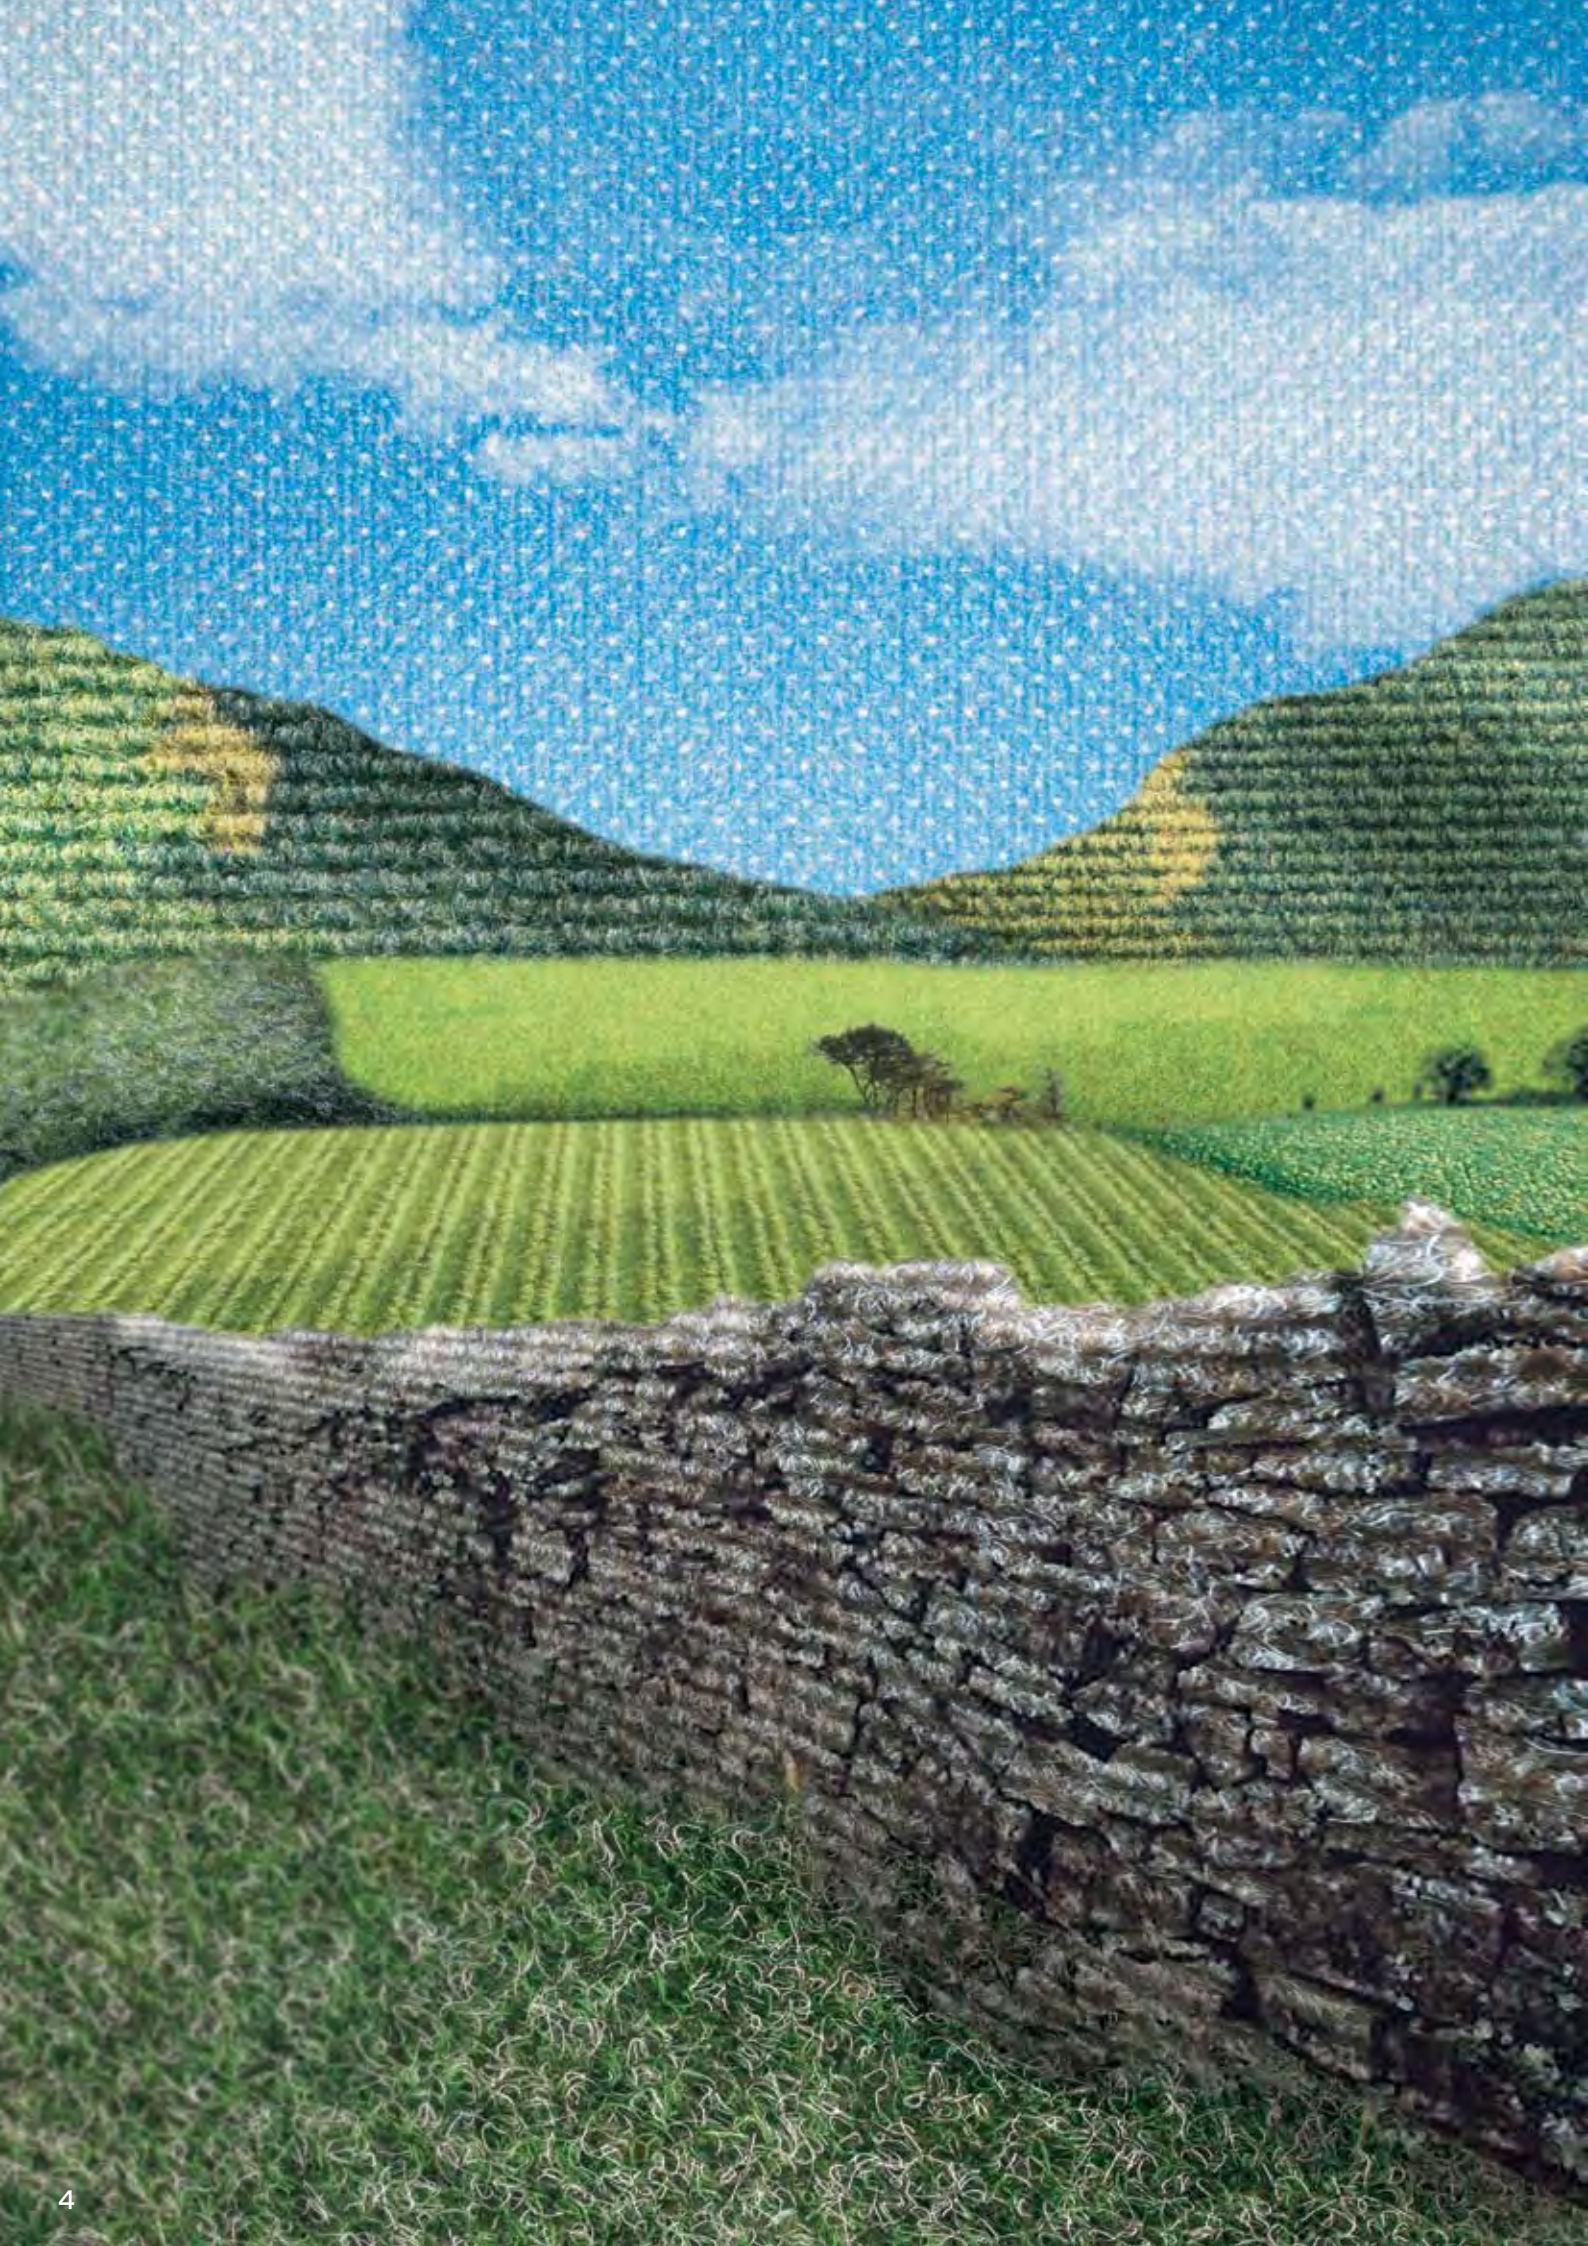

As important as it is to choose the best quality carpet, correct installation and care are crucial to its performance and longevity.

Heckmondwike's technical services team offers all the support you need during the planning and installation of your contract carpet, along with a comprehensive after sales service to ensure it goes on looking its best for years to come.

Heckmondwike and the environment

Our factory location in the heart of Yorkshire is a daily reminder of the need to protect and preserve the environment. It's why we make sure everything we do and everything we use in the manufacture of our carpets has as little impact as possible on the world around us.

We keep a close eye on our activities and objectives to check we're staying true to our principles. And when we see an opportunity to make improvements, that's exactly what we do.

Our Environmental Policies

MANUFACTURING

The Heckmondwike factory is fully accredited to BS EN ISO 14001: 2004 and appropriate industry codes of practice for sustainability, alongside existing quality, health, safety and business management systems.

REGENERATION

We actively encourage waste reduction, re-use and recycling in all our manufacturing activities and through the life cycle of our products. The result is a reduction in waste and the consumption of raw materials.

RESPONSIBILITY

What waste arises from our manufacturing process is managed and disposed responsibly in line with regulations and industry best practice.

For a full copy of our environment policy, please visit our website: www.heckmondwike-fb.co.uk

Certification

CERTIFICATION OF ENVIRONMENTAL PROFILES

Following individual assessment, Supacord has been awarded a BRE A+ certification for use in schools and offices. For a full list of all products tested and the results, please visit: www.greenbooklive.com

Environmental Profile Scheme
Certificate Number ENP363

ENVIRONMENTAL MANAGEMENT SYSTEM

Heckmondwike FB has been BS EN ISO 14001:2004 certified since June 2005. This reflects our commitment to minimise our company's impact on the environment.

Certificate Number EMS 73345

Heckmondwike. For every sector you design in

Different building environments challenge carpets in different ways. But whatever the unique requirements of your project, you'll find a Heckmondwike carpet to meet them.

By understanding the needs of architects and interior designers from one sector to the next, we have been able to develop a broad range of products to satisfy an equally broad range of demands.

So whether it's in education, commercial, retail or the public sector, Heckmondwike has the answer.

Fibre Bonded

Sectors

EDUCATION

Educational establishments are perhaps the ultimate test for any floorcovering.

Our durable fibre bonded carpets are ideal for classrooms, corridors, offices and common rooms.

And from the smallest village school to the largest metropolitan university, their choice of colours and finishes help to create the perfect environment for learning.

COMMERCIAL

Image is everything in the commercial sector. But durability and value for money aren't far behind.

Heckmondwike carpets will help you score on all counts, with a choice of quality products for office interiors that are stylish, attractive and which keep their looks through the ups and downs of business life.

CARE ENVIRONMENTS

Combining durability, stain resistance and a wide range of colours, our carpets for the care environment have all our knowledge of the sector designed into them.

With fully impervious backing, excellent anti-chemical properties and certification to all relevant residential care regulations, they are the practical and compliant choice.

RETAIL

Constant traffic along with dirt and debris from the street all take their toll on carpeting in shops and department stores. So the

Heckmondwike range is designed to withstand wear and tear even over the busiest sales periods. With one of the broadest ranges of colours and patterns to choose from, you can be confident you'll find the right match for any shop fit and interior design scheme.
