

Garden Centre Projects
2007/8

We are proud to have contributed to the success of the majority of the UK's most admired garden centre companies, but don't just take our word for it:

- 'Fordingbridge have again delivered a great looking structure with good functionality at a competitive price. I am pleased that we decided to use them.'
I M Barnes, Managing Director, NWF Retail Ltd (for Ashton Park Garden Centre)
- 'Fordingbridge have designed and provided an excellent structure... the building was completed to an extremely tight schedule in difficult weather conditions...'
David Ellis, Project Manager/Associate, Acorus Rural Property Services Ltd
- 'Fordingbridge... worked well to the original brief and created the perfect environment to house our merchandise.'
Ian James, Marketing Manager, NWF Garden Centres
- 'We were very pleased to work with Fordingbridge... especially when unexpected site issues require on site adjustment by an experienced project team.'
Simon Kirton, Architect, Malcolm Scott Consultants Ltd

This timber framed canopy at Wickes, Hants provides an ideal bridge between inside and out

12

The timber frames on these insulated buildings at Houghton Hall satisfy the needs of form and function...

Please Pay Here

- At Fordingbridge we provide a complete design and build service for a range of curved roof garden centre buildings including canopies, walkways and insulated buildings.
- With forty years experience of the garden centre industry, we really understand how our buildings and structures can contribute to the success of your business, from using walkways and canopies to guide your customers' route around your site to providing light, airy insulated buildings for internal retail space or the increasingly important café or restaurant.
- We are happy to consider any commission from 200m² to 5,000m² or more. Do talk to us about your plans. Perhaps we will be featuring your project next year!

Back cover: Southampton train station at night - another stylish and practical solution from Fordingbridge.

FORDINGBRIDGE

Specialist structures

Thank you for taking the time to look at some of our recent work.

You may be interested to know we also produce a brochure for architects with more technical detail about our structures. This can be posted on request or downloaded from our website where you may also see a showcase of many recent projects and visit our architects' library for an extensive selection of drawings detailing our structures.

Do contact us for further information or a no obligation chat about your plans.
