

# Do you clean your teeth with your hands?

Why treat your skin any differently.

## PureCleanse

Discover the **secret** to soft, youthful and radiant looking skin  
- 60 second **daily** use

Our everyday ultrasonic frequency face & body cleansing system exfoliates, removes make-up, dirt and sebum, prevents blemishes, and increases micro-circulation. Ultrasonic technology enhances deeper penetration of skincare products to achieve maximum benefits. Long term use can refine pores, smooth wrinkles, and improve complexion. Suitable for all skin types and for use in the shower.

### **Rechargeable with USB**

- convenient in particular when travelling

### **Waterproof**

- ease of use in the shower

### **High, medium, and low speed**

- deeper cleansing with each successive speed

### **Pre-programmed timing modes**

- perfect an efficient everyday cleansing routine

### **Additional brushes to suit unique conditions**

- e.g. very sensitive skin or acne
