

### AIR BLAST, LOW ENERGY COOL AIR HIGH SPEED HAND DRYER

The Air Blast low energy high speed hand dryer is a true all-rounder. At just 550w on its optional cool air setting it will take hands from wet to dry in around 10-12 seconds. Once more, it's fitted with a built in ioniser that helps purify the air ensuring that only fresh & clean air is being used to dry your hands. Automatic no touch operation dryer is great for high traffic areas such as busy restaurants, schools, colleges and public houses to name but a few

Manufactured using a vandal resistant 304 steel that would look great in any wash room!
