

'TORNADO' HIGH SPEED VANDAL PROOF COMMERCIAL HAND DRYER

Commercial hand dryers come in all shapes and sizes, but if you require a hand dryer that is both very fast as well as very tough, then the Tornado is probably your best choice. The Tornado weighs in at just over a stone! 15lb to be exact. Made from top grade stainless steel with a high shine mirror like finish and attractive illuminated led arrow that changes colour when in operation. The Tornado will dry hands in a very impressive 8-12 seconds. Its infra-red sensors allow for automatic operation giving zero idle running time. The dryer powers up quickly when hands are detected and powers down when removed. No longer do we feel it acceptable for hand dryers to continue to run long after you have left the wash room. The Tornado makes for an ideal commercial hand dryer for any high traffic wash rooms. A great favourite for nightclubs, casinos, sporting grounds and busy bars to name but a few!

TECHNICAL SPECIFICATION

Material	304 Top Grade Steel
Colour	Polished
Rated Voltage	ACC220-240
Rated Power	2300w
Installation	Wall Mounted
Rated Frequency	50/60Hz
Current	10amp
Average Drying Time	10 Seconds
Drip Proof	IPX1
Noise Level	75db
Operation	Infra-Red
Net Weight	7.5Kg
Size	278mm w / 350mm h / 171mm d
Warranty	2 Years
