Oval single-slot tube

1.Material:SUS304,316

2..Six meters as a benchmark, special length can be customized.

3.Thickness: 1.5mm. For a large amount, other thicknesses can be customized.

4.Polished surface:

A.smooth B. mirror C. brushed surface D. sanding

5.Advantages

A.The integration of welded stainless steel tube is solid in structure and durable with good-looking.

B.With product portfolio diversification, the portfolio choice is easy in construction.

C.Increasing the shock-avoiding effect ensure the structural safety of glass.

6.Usage: airports, subways, railway stations, shopping malls, buildings, hotels, and other decorative glass handrails
