The new Torino Collection is a range of furniture that combines luxury with practicality. Its doors and drawers have a beautifully deep moulded design that creates the range's high quality look. Add to this its large, design-led handles which not only complement the overall finished design they can also assist the user as they are easy to visualise and hold.

With its additional features that include soft rounded corners to all tops, 170 degree hinges and the fact that the range is also tested and complies to BS 4875 part level 4 - which is specific testing of the strength and stability of the units, this range would be an excellent solution for practically any contract furniture requirements.

The INDI-STRUCT Range has been specifically designed to offer you a complete furniture solution for all different aspects of challenging behaviour.

For a number of years our in-house development team have been working with various clients and experts, across a wide spectrum of the care and secure sectors, helping to create furniture designs that will aid with the support and safety of their varied residents' needs.

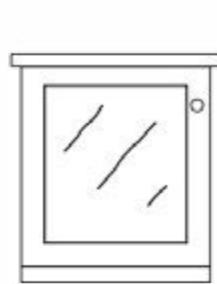

By doing this we have gained a vast experience and knowledge in understanding the necessary key point design features that are essential to allow us to produce furniture items which offer extreme durability along with excellent quality and value for money, while still maintaining a warm homely look and feel without looking harsh and institutional.

The INDI-STRUCT Range has been tested and maintains certificates for Strength and Stability to BS4875 Parts 7 & 8 (2006) Test Level 5 –severe contract furniture.

Within our INDI-STRUCT Range we offer everything from Beds, Bedroom Cabinets, Lounge/Living Units, with Secure TV Cabinets, to High Dependency Secure Furniture Solutions, however if you have any special requirements that you feel will need extra attention then let us know and we can discuss various bespoke design options.
