◆ DENNES ◆  
CLOTHING SUPPLY SPECIALISTS

HR Denne Ltd was originally founded in 1895 as a shirt maker to the city gentry in London and has a long and fine heritage in quality manufacturing. Today Dennes supplies uniform clothing to a wide range of industries, serving both large and small businesses alike and has built a unique and enviable reputation within the Corporate Clothing Industry. We are specialists in the supply of uniforms to the Airline Industry and

at our Gatwick Headquarters we employ a team of corporatewear professionals who are passionate about what they do. At the Gatwick site we welcome you to try before you buy and offer a complimentary fitting service to ensure the perfect fit. Alternatively, after security checks you can place an order by email or telephone using the order form provided. Simply call one of our expert advisors on 01293 514723.

## *Pilots Collection*

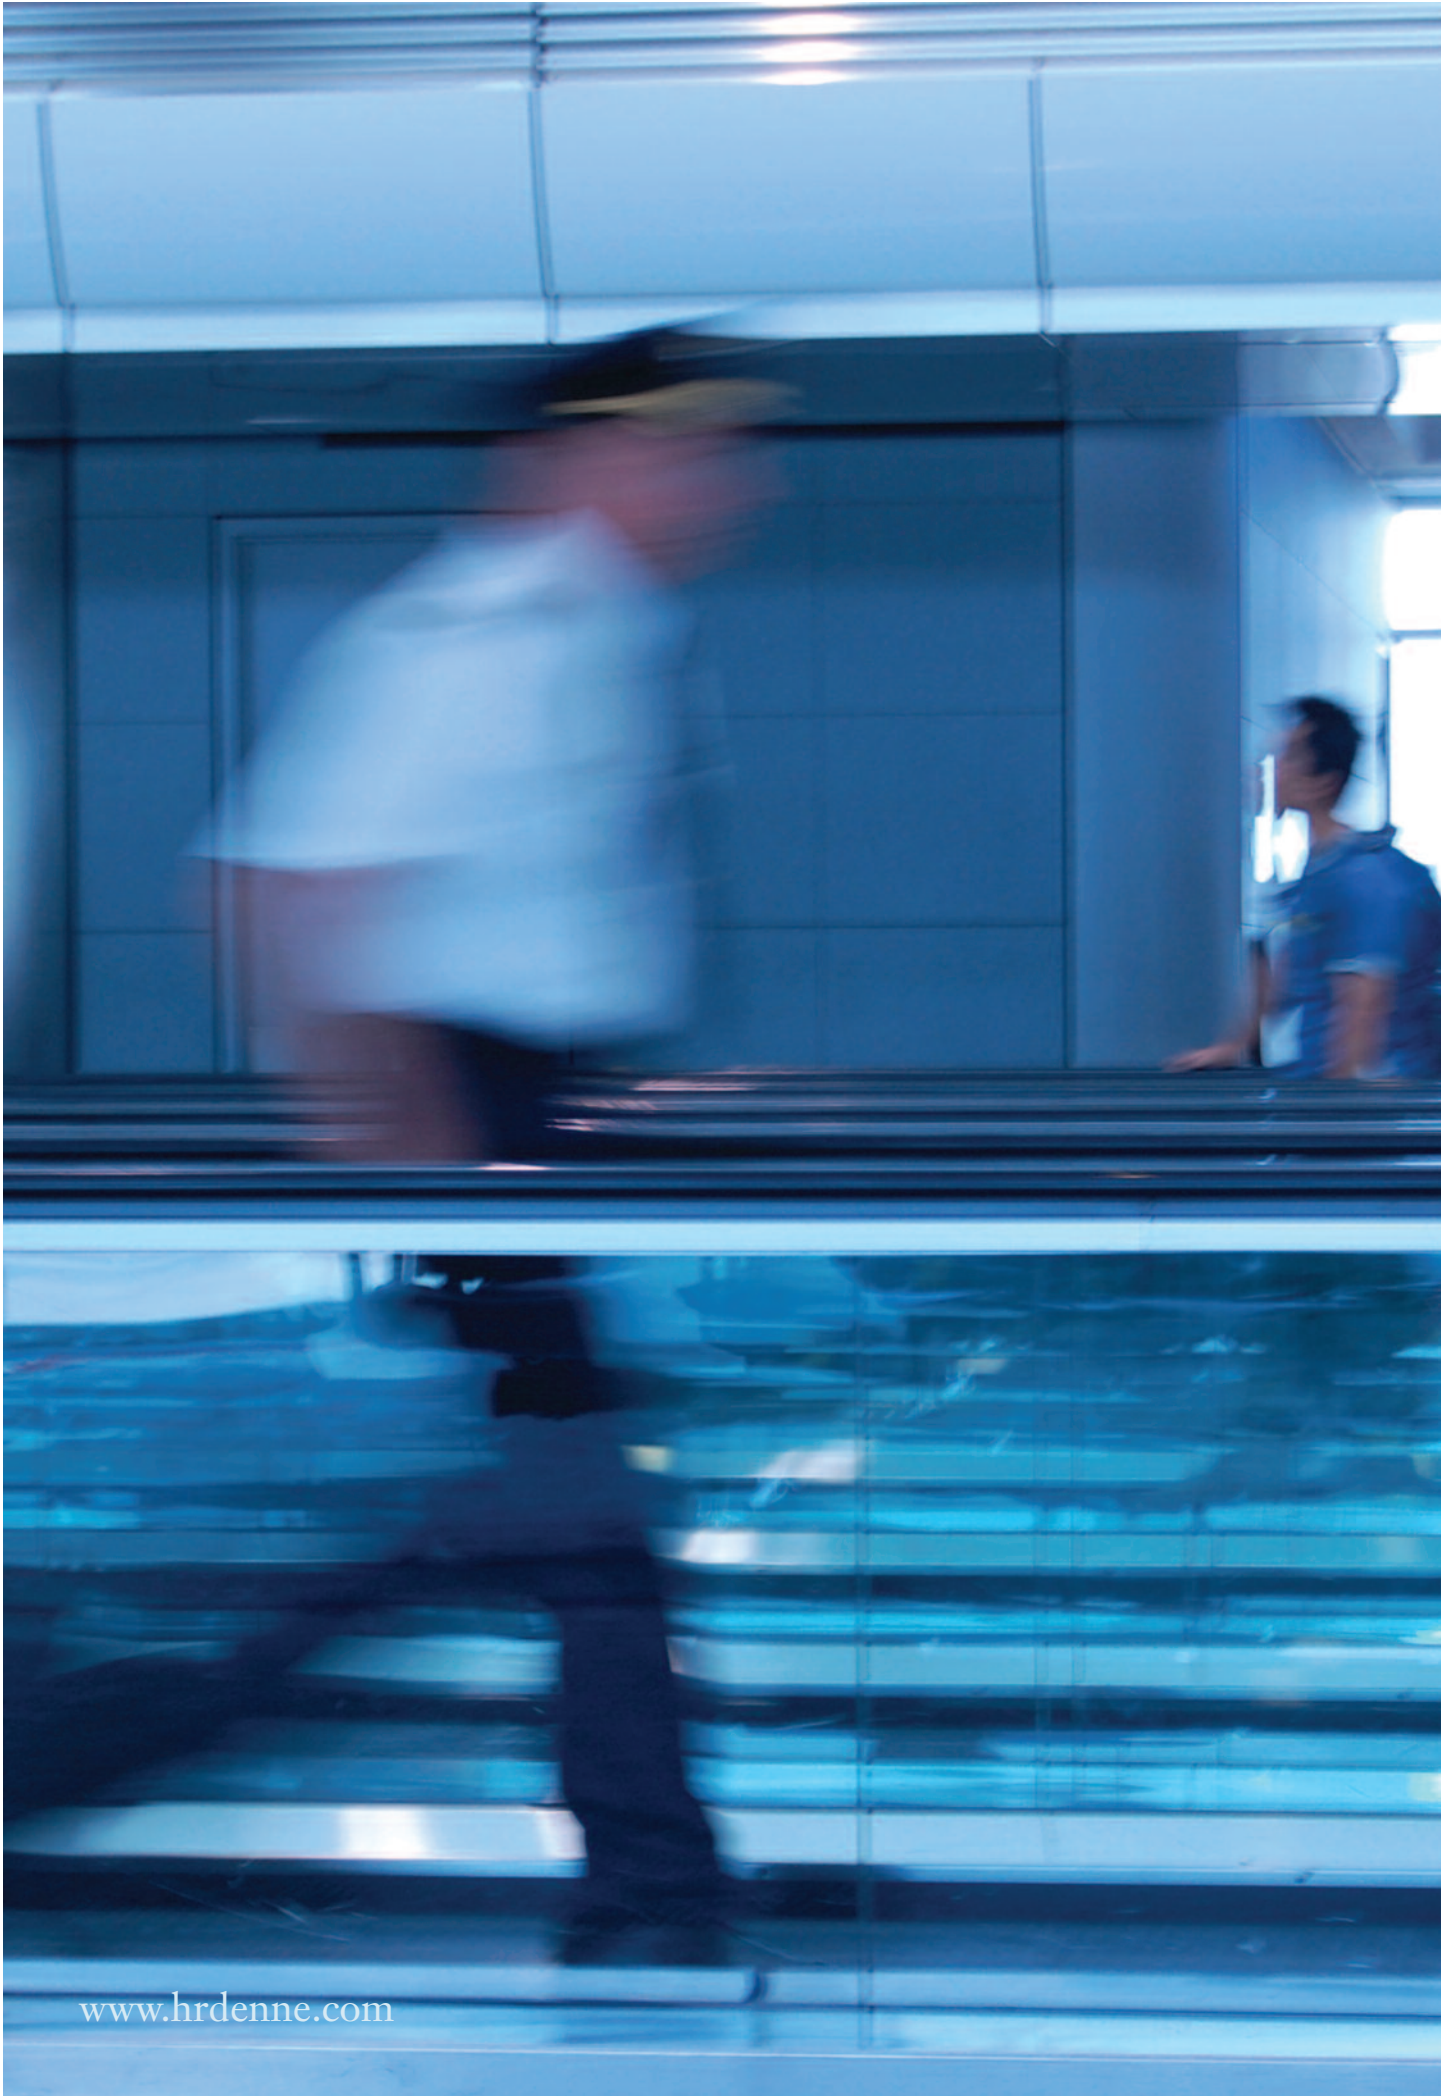

Our Pilots Collection offers a stock solution for pilots and flight engineers who want quality and style at value for money prices, but with a personal and flexible service.

The range is available in a wide range of sizes and there are no minimum orders. It includes jackets, trousers and shirts as well as all the extras including knitwear, coats and accessories. At Gatwick we

offer an onsite alteration and braiding service and can offer advice about sizing and measuring. All of this contributes to a superior finish for your uniform.

At Dennes we want to get the fit of the garment right for you first time. So to fit your perfect size, carefully follow the instructions below.

- Make sure you are standing up straight
- Hold the tape measure so it fits close to the body, but not too tight
- Take measurements wearing underwear or close fitting garments
- Whenever possible get someone to help you take your measurements
- Always keep the measurements in either centimetres or inches, don't use both

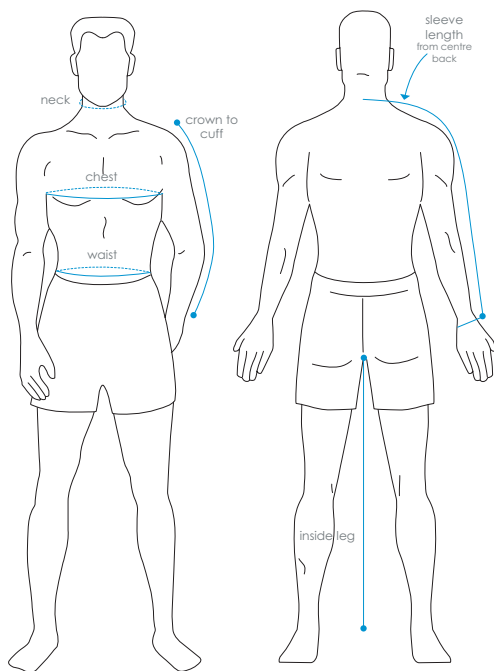

### ***Braiding your jacket***

Measure the jacket sleeves whilst you are wearing the garment. Keep your arms straight and down the side of your body. Measure the outside of the sleeve from the shoulder seam to the top of the thumb knuckle. During the braiding process we can finish your sleeve to the required length at the same time.

The size charts opposite are guidelines for you to order the correct size according to your body measurements.

We would welcome the opportunity to talk to you and explain further the depth of service Dennes can provide for your company. Please phone or email our team and we will be happy to arrange a meeting, or provide further information as you require.
