Ellipta Arm

Key Benefits of the Ellipta Arm

- Provides fingertip adjustment to suit your needs
- Frees up space by allowing the screen to float above the desk
- Allows for more than one screen to save even more space
- Completes your ergonomic office

Mezzanine Floors

Ideal solution to space problem and built to last.

Can be any size or shape and freestanding or on several levels.

Can be used to increase production areas, office & storage space.

Our highly skilled team will produce and design a construction package including all major services to suit your needs.

Previous Work

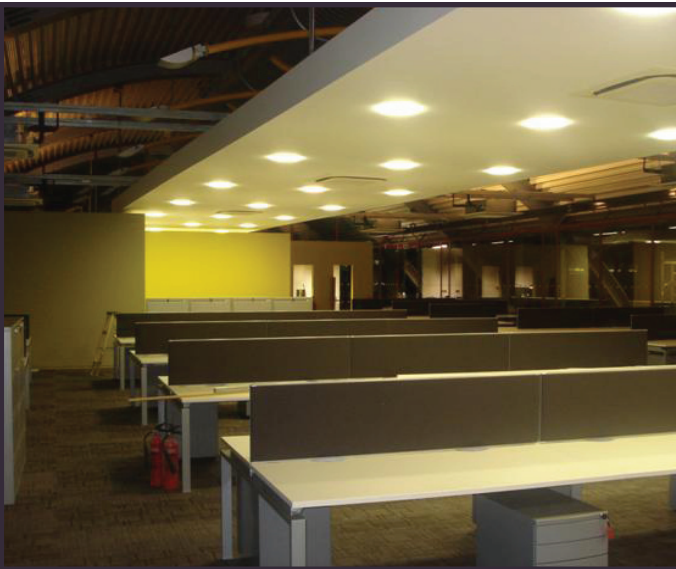

Heart of Kent Hospice

"We have been very pleased with RAP and the services you have provided for the hospice." - Mel Burgess

AEG America Street

"The team at RAP have been absolutely rock solid. Amongst the lumps of coal in the building industry, RAP is an absolute diamond!" - Tara Vickers

O2 Dome

"Very pleased with the completed project, RAP were always happy to help" - Alistar Wood

Pilgrim House Offices

"I have found the standard of high quality is embedded throughout the business" - Ian Nelthorpe

'Quality, Style & choice'

Family Mosaic Housing Association

“Family Mosaic work with RAP Office Contracts and what we appreciate the most about the way they work is the understanding they have of housing associations needs.”

- Tina Alderman

TIETO

“Our office is fantastic now, RAP spoke to us in a language we could understand and removed all the stress, delivering the project to our complete satisfaction” - Kevin Snell

Kings Hill Dental

“I would like to thank you for the quick and efficient transformation of an office suite into a dental surgery, I have no hesitation in recommending your company in the future.” - David Bush

St James Square

“RAP Office Contracts Ltd understand how to efficiently deliver a project where an emphasis is placed on quality and detail. They have consistently proved to be useful and trusted on our projects and I therefore have no hesitation in recommending their services.” - Micheal Ross

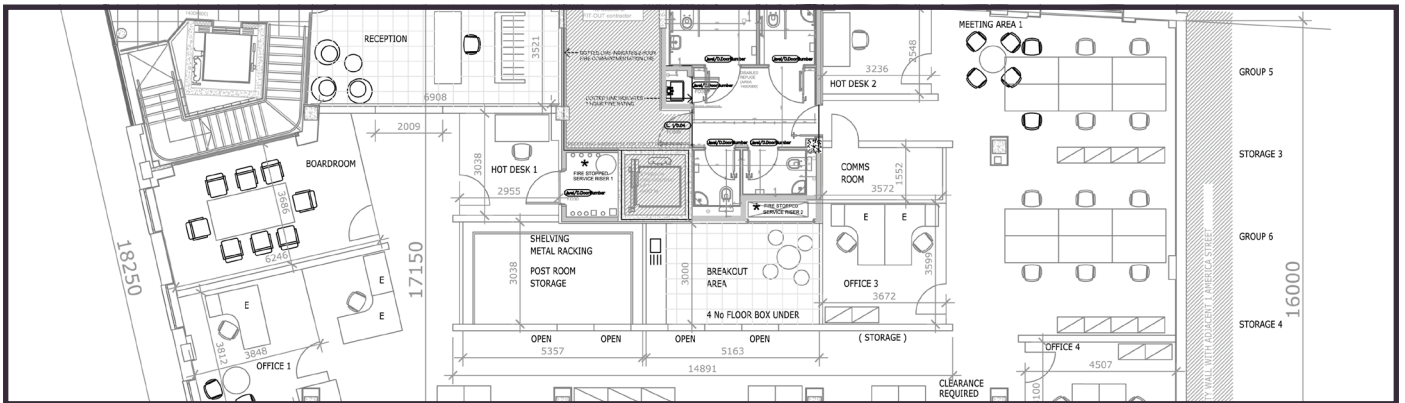

CAD & 3D Viz

CAD Design & Space planning is a free service when accepted as apart of our full project management package

CAD Drawings

CAD drawings are 2D drawing that come in plan, section and elevation. The purpose of these drawings are to show an accurate representation of a building or space at common scale. This shows us how the building is currently layed out and how it can be changed to suit your needs.

CAD drawings also serve as a diagram for all services inside a building, visible and non-visible eg. Power, Data, & air conditioning etc they are used as instructions during the construction and as a reference after the project has completed.

3D Visualisation

3D Visualisations are to help you 'see' your project. They are great for presentations to clients that may not be sure of what they need and feel that they would like to see the end product before any work has started.

This is a great tool to ensure that the client will receive works to exactly what has been asked for, and with technological advances, the quality of Virtual designs is only improving.

'Doing IT differently'

Facility Maintenance

Planned

Often preferred by large corporate companies who have ongoing maintenance requirements and need to know how much to budget for on an annual spend.

RAP can provide you with a schedule of rates and attend on a regular basis providing a reliable service.

Reactive

Often preferred by companies who do not have a need for regular site attendance but wish to have piece of mind that they can rely on our reactive approach to their business maintenance needs.

Whatever you choose...

RAP maximise the spend for your budget. We offer monthly meetings/inspections of your premises and report to your facility manager.

Reducing Carbon Footprint

Key aspects of our commitment to reducing your carbon footprint will include insulation to solid walls including secondary aspects such as dealing with cables and pipes and maintaining air flow, reducing draughts, and a focus on thermal bridging and providing cost options to decide whether clients can save money in the long term.

RAP has an Environmental Waste Management Plan that ensures we take every opportunity to reduce our impact on the Environment. We are consistently committed to reducing our material waste to landfill and reduce pollution to our surroundings.

The company is committed to a process of continual improvement and further development in all areas of environmental performance.

Government incentive to reduce CO2 emissions by 34% by 2020, 80% before 2050

'Your Office is our business!'

About Us

Est. in 1988 RAP provide the hands on experience in commercial and business refurbishment sector. We ensure every project runs smoothly from concept to completion, advising every step of the way and ensure your budget is maximised, providing cost saving options for your business needs now and in the longterm.

Richard Anderson MD, is supported with a dedicated team providing efficient solutions to your business needs, ensuring quality control procedures are in place.

Our clients benefit from the peace of mind of having one point of contact throughout the project but with the entire support of the RAP team.

The team at RAP provide effective solutions to increase your workspace area and support your business in the long term. RAP deliver outstanding refurbishments by addressing the existing planning of the space along with the constraints of any area. We guarantee to make a difference by improving the work environment & productivity for your business.

We consistently realise schedule and cost improvements to our design & build projects with no hidden surprises.

What our customers think...

*"After working with RAP I was left with an amazing hair salon, exactly as I had described.
Love it!"*

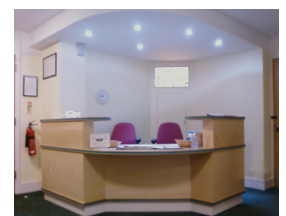

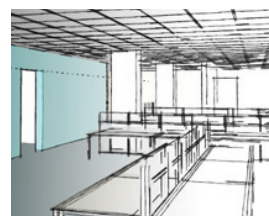

Lucas Hair Salon

"We would recommend RAP to other organisations"

Heart Of Kent Hospice

*"RAP Provide expertise and knowledge which was very important to us.
We would recommend RAP to any organisation"*

Lions Hospice

'Making life easier'

Case Studies

Looking for Space?

If you are looking for new premises, office space, light industrial warehouse, on lease or purchase, simply email julie@rapinteriors.com with your requirements.

We will be happy to search and accompany you on any viewings and advise on the property's potential for your business.

This service is free as we want to help you get it right first time.
