The reception options shown above give an overview of the differing types and styles of reception available. The final shape /style and finish will depend on your requirements and any time/ budget considerations.

Once I have been to site to check sizes and space we can give some specific examples /recommendations.

Our independent status allows us to research the market place and find the right solution for our clients rather than having to 'force feed' a solution from a manufacturing partner. This same independence allows us to negotiate a competitive buy price whilst still maintaining high service levels.

We hope some of the examples given are of interest ,please call or e-mail if you would like any more examples or ideas for your reception project,

Kind Regards

Tony King
