The reception options shown above give an overview of the differing types and styles of reception available. The final shape /style and finish will depend on your requirements and any time/ budget considerations.

Once finishes are agreed we can provide some cost examples for matching tables and chair options for front of house area.

Our independent status allows us to research the market place and find the right solution for our clients rather than having to 'force feed' a solution from a manufacturing partner. This same independence allows us to negotiate a competitive buy price whilst still maintaining high service levels.

We hope some of the examples given are of interest ,please call or e-mail if you would like any more examples or ideas for your reception project,

Kind Regards

Tony King
